## EXCISE DEPARTMENT.

### SALE OF SEPARATE ARRACK SHOPS FOR 1906-07.

*Notification No. 2213, dated 21st March 1906.*

1. Notice is hereby given that the exclusive right of selling arrack in each of the separate shops specified in the appended schedule* for the twelve months beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction at upset prices, by the respective Deputy Commissioners or by Revenue Assistant Commissioners or by Divisional Officers of the Excise Department or other Officers specially authorized by the Deputy Commissioners for the purpose, on the dates and at the Taluk Head-quarters or other places mentioned below, subject to the conditions hereinafter set forth. If the sales are not completed on abovenamed days, they will be continued on the next following days (close holidays excepted).

2. (*a*) Each bidder at the auction will deposit a sum of Rs. 60 for shops in the Kolar Gold Fields, Rs. 25 for those in the Mysore and Bangalore Cities and Rs. 10 for those in other places, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. It will, if offered, be received at any time within three days prior to the date of sale, provided that the Government may, at any time, dispense with such initial deposit. The deposits made by unsuccessful bidders if not forfeited as hereinafter provided, will be returned at the close of the sale. The shops or group of shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject any bid at his discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid and will be necessary whether the sale be held by the Deputy Commissioner himself or by any other officer appointed by him. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, for any shop singly, the officer conducting the sale may, in consultation with the Excise Divisional Officer, if present, club together more than one shop but not more than two in the District Head-quarter taluks and Kolar Gold Fields and six in other places or, if necessary, reserve shops for which there may be no bids, for disposal hereafter. He may, subject to formal confirmation of the Deputy Commissioner, sell the right in any particular case by means of tenders or by private negotiation. He may also lower the upset price at his discretion. The officer conducting the sale may at his discretion, and without assigning any reason, refuse to accept the bid of any person, on the ground that he has been convicted by a criminal court of such an offence, or has been guilty of such breach of the conditions of the license, or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license, or on the ground that he is insolvent, or in order to prevent arrangements to the detriment of Government interests, or for any other valid reason.

(*b*) No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. (*a*) The successful bidder shall, on the exclusive privilege being knocked down to him, at once, if so required by the selling officer, or otherwise at the close of the day's sale, further deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit, if any, made by him under clause 2 (*a*) will be forfeited, and the privilege will be sold again on the above conditions, or otherwise disposed of at his risk, as the Deputy Commissioner or selling officer may determine.

(*b*) The person to whom a shop or group of shops has been knocked down and who has made deposits as provided above, shall be required to leave his address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and he shall, within seven days after the service of the

said notice by its presentation to himself or to any adult male member of his family at the place of said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned, such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent, and execute at the same time before the Amildar the necessary engagements and take out the necessary licenses, as hereinafter set forth.

4. (*a*) The deposit made under the preceding para shall be either in cash or in Government of India Securities duly endorsed in favor of the Deputy Commissioner. Provided that in cases where the monthly rent exceeds Rs. 10 (in lieu of a deposit of two months' rent as above), the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to two months' rent shall invariably be taken, and no personal security shall be accepted. If, on enquiry subsequent to sale, the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of *all moneys* that may become due by him under the terms of the contract.

(*b*) Should the initial deposit exceed the sum required to be deposited under clause 3 (*b*) or clause 4 (*a*), the excess will be refunded to the purchaser.

5. The purchaser shall execute an agreement in the prescribed form, binding himself and, unless exempted by the Deputy Commissioner by an order duly recorded, so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety or sureties, if any have been accepted, shall also execute a bond in the prescribed form binding himself or themselves and so much of his or their movable or immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of the agreement. The agreement and the bond so executed shall be stamped at the expense of the purchaser. They shall also be registered at his expense when the amount secured is Rs. 100 and above.

6. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, and in taking out licenses as aforesaid, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss caused by such re-sale or other disposal. He shall not be entitled to any gain accruing from the re-sale or other disposal, and he shall be debarred from bidding again for the same or for any other shop or group of shops. In the case of loss the forfeited deposits will be deducted from it and the remainder, if any, shall be recovered as if it were an arrear of land revenue. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

7. Re-sales or other disposal effected under para 6 will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss caused by re-sale or other disposal he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale or other disposal. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale or other disposal, and the remainder, if any, shall be recovered from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

8. The amount of rental, the consumption of arrack in each shop, etc., for several years past are specified in the appended schedule.

9. The license to be taken out under para 3 (*b*) above, shall be subject to the following conditions but nothing herein contained shall exempt the purchaser of the

privilege from liability to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued :—

(1) The amount for which the privilege has been purchased shall, if it exceeds Rs. 12 per annum, be payable into the local Taluk Treasury in equal monthly instalments commencing from July 1906. But where it does not exceed Rs. 12 per annum, it shall be paid in not more than three equal quarterly instalments. Each instalment shall be regarded as the rent for the month or quarter in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's or quarter's rent shall be payable on or before the 20th of the same month, or before the end of the quarter for which the instalment is due. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, suspend, or declare by record in writing that the license is forfeited, and proceed to re-sell or otherwise dispose of the shop or group of shops as soon after the last day of the month or quarter as may be possible with effect from the date of issue of license to the new purchaser or from the date of other disposal. The officer who has power to suspend license may, however, at his discretion, allow sales to continue pending re-sale of other disposal of the privilege.

*Note.*—The licensee of a Jatra shop shall pay the rent thereof in full before the Jatra begins.

(2) The deposit made by the licensee shall be taken as security for the due performance of the conditions of the license and if not forfeited, credited or otherwise disposed of, shall be credited in payment of the instalments due in the last two months of the period of the lease. Provided, however, that where the shop or group of shops is re-sold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the re-sale or other disposal of the shop or group of shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(3) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of defaut, and on deficits from the date of re-sale.

(5) The lease shall not be transferable by sale, gift or otherwise or be sub-rented except with the permission of the Excise Commissioner, nor if the Deputy Commissioner so orders may any agent be appointed for the management of any privilege without his previous approval. All engagements entered into by the agent shall be deposited with the Deputy Commissioner within one month from the date of execution.

(6) Application for resignation of shop or group of shops will be summarily rejected by the Deputy Commissioner.

(10) The licensee shall sell molasses arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas two per dram which is equal to 1—51st part of a gallon) and jaggory arrack at Rs. 1-8-10 per reputed quart bottle and at proportionate rates for lower strengths.

(11) The licensee of every shop in the Cities of Bangalore and Mysore shall pay a registration fee under the Municipal Regulations at the rate of Rs. (180) one hundred and eighty per annum in advance for the period of the license for his shop, and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(12) The above rates to be charged for molasses arrack, jaggory arrack, double distilled or rectified country spirits or other special liquors by the manufacturers and the above fees are in addition to excise duty, which shall be prepaid at the prescribed rate of Rs. 4-12-0 (including local cess) per gallon of 20° U. P. and proportionately for higher or lower strengths, before the removal of the liquor from a Bonded Depot established under the sanction of Government.

All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of land revenue.

## SALE OF DRUG SHOPS FOR 1906-07.

*Notice No. 2215, dated 21st March 1906.*

1. Notice is hereby given that the exclusive privilege of selling intoxicating drugs in each of the shops specified in the schedule* hereto appended, for the twelve months beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the respective taluk or sub-taluk head-quarters, on the dates specified in the annexed statement, subject to the conditions hereinafter set forth.

2. Each bidder at the auction will deposit a sum of Rs. 5, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding, provided that the Government may at any time dispense with such initial deposit. Each shop will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government*, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as purchaser any one in whose name the bidding has not proceeded.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to ⅘ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. The persons to whom the shops have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also be required to leave his address with the sale conducting officer in order that the confirmation of the sale may be communicated to that address by a notice, etc., and he shall, within 7 days, after the service of the said notice by its presentation to the purchaser or any adult male member in the place of the said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute a counterpart engagement, in the prescribed forms, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the shop will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale or other disposal he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale or other disposal. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above, shall be subject to the following conditions, namely :—

(1) The amount for which the privilege has been purchased shall be payable into the Taluk Treasury on the prescribed challan in equal monthly instalments commencing from July 1906; each instalment shall be regarded as the rent for the month in respect of which it is payable.

* For Schedule see supplement to the *Mysore Gazette*, dated 5th April 1906.

Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. If such amount be less than Rs. 12, it shall be paid up in not more than three quarterly instalments commencing from 1st July 1906. The deposit of two months' rent made by the licensee, will be taken in payment of the rents due for the last two months of the period of the license. Failing payment by the 20th of the same month or before the end of the quarter for which the instalment is due, the Amildar may, with the sanction of the Deputy Commissioner by record in writing, suspend or cancel the license or order the forfeiture of all deposits made by the defaulter and proceed to re-sell or otherwise dispose of the shop at the defaulter's risk (as soon after the last day of the month or quarter as may be possible) with effect from date of issue of license to the new purchaser or from the date of other disposal. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(2) The licensee shall purchase Ganja and Majum from any Bonded Depot at the rates of Re. 0-13-4 and Re. 0-5-4, respectively, per seer of 80 tolas; and shall pay the price to the Mutsaddi in charge of the Depot.

(4) The Ganja sold by the licensee, shall be of good quality and unadulterated, and it shall be sold by him at Rs. 10 for a seer of 80 tolas of Ganja or annas 2 per tola of Ganja and of Rs. 1-10-8 for a seer of Majum; and the whole stock of Ganja and Majum on hand shall be kept in the licensed shop and not elsewhere on any pretext whatever, without special permission.

(5) The licensee shall use such scales and weights as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Drugs, which forms shall be purchased from local Excise Officers.

(6) The licensee shall be bound to take over any Drugs which may remain as stock in hand belonging to the out-going licensee on the 1st July 1906 in the existing shop, paying to the latter such compensation for the same as may be fixed by the Deputy Commissioner.

(7) The licensee shall be bound by the rules in force, and by such further rules as may be issued from time to time by Government. He shall not during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect in any intoxicating drug shop outside the Mysore State or in the Civil and Military Station.

(8) No female shall be employed in the sale of intoxicating drugs.

(9) The remaining terms and conditions shall be as set forth in the prescribed license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell or to otherwise dispose of the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1906, shall be made good by him. When a license is cancelled, the rent for the whole period of the license shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

It is hereby notified that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended Schedule,* for one year, beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Assistant Commissioners or Divisional Officers of the Excise Department or other officers specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned below, and at the respective Taluk or Sub-Taluk Kasabas, and, except as hereinafter provided, will be knocked down to the bidder offering the highest amount of rent above those prices. If the sales are not completed on the abovenamed days, they will be continued on the next following days (close holidays excepted). Should there be no bids for any shops singly, the officer conducting the sale shall be at liberty to revise, when necessary, in consultation with the Excise Divisional Officer, if present, the grouping of shops as specified in the Schedule hereto appended, or, if necessary, to reserve shops for which there may be no bids, for disposal hereafter, or to sell the said privilege in any particular case, by means of tenders or by private negotiation. The privilege in any Coffee Estate may be sold to the planter for a fixed amount not less than Rs. 12 per shop per annum. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, *unless revised by the Government*, take effect on formal confirmation by the Deputy Commissioner who shall be at liberty to accept or reject any bid at his discretion without assigning reason for the same. Such formal confirmation will be necessary whether the sale be held by the Deputy Commissioner himself or by any other officer appointed by him Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at his discretion. The officer conducting the sale may, at his discretion and without assigning any reason, refuse to accept the bid of any person on the ground that he has been convicted by a criminal court of such an offence, or has been guilty of such an infringement of the terms of his license or of a contract under the Excise Regulation or Opium Act as to render him undesirable as a holder of a license, or on the ground that he is insolvent, or in order to prevent arrangements to the detriment of Government interests, or for any other valid reason.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 25 for shops in the Kolar Gold Fields and the Cities of Bangalore and Mysore and Rs. 10 for shops in other places, or such other reasonable amount as may be fixed by the officer conducting the sale Provided that the Government may at any time dispense with such initial deposit. Such deposit will, if offered, be received within three days previous to the date of sale. Deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*b*) No shops or group of shops shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. (*a*) The successful bidder shall, on the exclusive privilege being knocked down to him, at once, if so required by the selling officer, or otherwise at the close of the day's sale, further deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent unless the initial deposit equals or exceeds two months' rent. Should he failed to do so, the deposit, if any, made by him under clause 2 (*a*) will be forfeited, and the privilege will be sold again on the

* For Schedule see Supplemental to the *Mysore Gazette*, dated 5th April 1906.

above conditions, or otherwise disposed of at his risk, as the Deputy Commissioner or selling officer may determine.

(*b*) The person to whom a shop or group of shops has been knocked down and who has made deposits as provided above, shall be required to leave his address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and he shall, within seven days after the service of the said notice by its presentation to himself or to any adult male member of his family at the place of said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned, such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent, and execute at the same time before the Amildar the necessary engagements and take out the necessary licenses, as hereinafter set forth.

4. (*a*) The deposit made under the preceding para shall be either in cash or in Government of India Securities duly endorsed in favor of the Deputy Commissioner. Provided that in cases where the monthly rent exceeds Rs. 10 (in lieu of a deposit of two months' rent as above), the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to two months' rent shall invariably be taken, and no personal security shall be accepted. If, on enquiry subsequent to sale, the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of *all moneys* that may become due by him under the terms of the contract.

(*b*) Should the initial deposit exceed the sum required to be deposited under clause 3 (*b*) or clause 4 (*a*), the excess will be refunded to the purchaser.

5. The purchaser of the exclusive privilege shall execute an agreement binding himself and, unless exempted by the Deputy Commissioner by an order duly recorded, so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the above para, shall also execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. The agreement and bond so executed shall be stamped at the expense of the purchaser. They shall also be registered at his expense when the amount secured is Rs. 100 and above.

6. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, and in taking out licenses as aforesaid, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss caused by such re-sale or other disposal. He shall not be entitled to any gain accruing from the re-sale or other disposal, and he shall be debarred from bidding again for the same or for any other shop or group of shops. In the case of loss the forfeited deposits will be deducted from it and the remainder, if any, shall be recovered as if it were an arrear of land revenue In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

7. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions; but nothing herein contained shall exempt the purchaser of the privilege from liability to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him:—

(1) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the

Bagani Toddy shop shall not tap Date trees but both licensees can tap any of the other palm trees named above.

(2) The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1906. No amount shall be paid to or received by the Excise Officers. In the malnad and semi-malnad tàluks, the Deputy Commissioner may permit patels of villages who are not themselves licensees to receive payments not exceeding Rs. 50 from any individual at a time. But if the amount of annual rent for any shop does not exceed Rs. 12, the whole of it shall be paid in not more than three quarterly instalments. Each instalment shall be regarded as the rent for the month or quarter in respect of which it is payable. The licensee will make separate payment on account of local cess. Each month's or quarter's rent shall be payable on or before the 20th of the same month or before the end of the quarter. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writting, suspend or cancel the license, order the forfeiture of all deposits made by the defaulter and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk (as soon after the last day of the month or quarter as may be possible), with effect from date of issue of license to the new purchaser, or from the date of other disposal. Provided, however, that instead of re-selling the same as above the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay. The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

NOTE.—The licensee of a Jatra shop shall pay the rent thereof in full before the Jatra begins.

(4) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yeilding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessity for the same. No toddy except the produce of trees marked by a proper officer and tapped under a license shall be kept in the shop or offered for sale or sold.

(5) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the eight days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be removed from the trees except during the currency of such license.

(6) (*a*) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also for tree-rent in the case of trees on Government unoccupied lands and also for local cess thereon.

(*b*) On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector, and for the timely issue of the license. Applicants for date trees shall get the requisite spaces on their stems prepared and point

out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they failed to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(7) No tree shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

(8) (1) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

| Description of trees. | Rates of tree-tax including local cess per tree per annum. | | |
|---|---|---|---|
| | Rs. | a. | p. |
| Date .. ... ... ... | 1 | 1 | 0 |
| Cocoanut ... ... ... ... | 2 | 2 | 0 |
| Palmyra ... ... ... ... | 1 | 9 | 6 |
| Bagani or sago ... ... ... ... | 1 | 9 | 3 |
| Dadasal (Arenga wightii) .. ... ... | 0 | 8 | 6 |

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in clause 15 (1) (*b*) below.

(2) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess at 3 pies thereon shall be paid for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject, of course, to the levy by Government of tree-tax.

(9) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

| Period within which license is applied for | Proportion of tree-tax to be paid at the time of application for license | Proportion of tree-tax to be paid on the first of the 3rd month |
|---|---|---|
| Between 1st July 1906 and 30th April 1907 .. | One-third ... | The remaining two-thirds. |
| Between 1st May 1907 and 30th June 1907 ... | The whole ... | ..... |

(10) (*a*) The tree-rent together with the local cess on tree-rent and also the local cess on the tree-tax for trees applied for shall be payable in full at the time of application for tapping license.

(*b*) If any instalments are not paid within the time, the license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation.

(*c*) When the licensee makes default and his shop is re-sold, his rights to and claim on Government trees cease and determine.

(*d*) In case of default, the Amildar with the Deputy Commissioner's permission will order the suspension of the tapping license till the arrears are paid up and if, after receiving notice of such suspension, the defaulter continue to tap the trees, he will be prosecuted for illicit tapping.

(11) The deposit made by the licensee will be taken as security for the due performance of the conditions of the license and if not forfeited or credited or otherwise disposed of shall be taken in payment of the instalment due in the last months or month of the period of the license.

All arrears and deficits payable by the licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale or disposal otherwise. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee, nor will he be entitled to any compensation for any trees withdrawn or taken for the public purpose.

(12) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(13) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized in this behalf.

(14) The tree-tax on toddy produced by trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(15) (1) Tree-tapping licenses in the prescribed form shall be issued on the application :—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents,

(*b*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 30th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

(2) The licenses may be issued in the name of the applicant himself or of his nominees.

(16) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

(17) Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and plantations should be countersigned by the Forest Range Officer in token of his consent.

(18) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(19) Every person to whom a tapping license is granted for the manufacture of toddy shall observe the following rules in tapping date trees:—

(a) Date trees shall be tapped only by professional men.

(b) Trees tapped one year shall not ordinarily be tapped the next year.

(c) Trees shall not be over-tapped or over-worked.

(d) In no date trees shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given by the Excise Commissioner.

(e) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(f) Every fresh incision shall not be less than one foot above the last incision except in localities where permission is specially given.

(g) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(h) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(i) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

(20) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not received for tapping.

(21) The licensee of the depot or shop or group of shops will be required to keep true account of the receipts and issues of toddy from day to day in ink in the prescribed form. The accounts and permits shall be in printed books which may be obtained from the local Excise Officer on payment of cost price. Permits for toddy received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved and delivered to the local Excise Officer immediately after the close of the lease. They shall be produced when asked for by the Deputy Commissioner or any officer appointed by him or by an Excise Officer not below the rank of an Excise Assistant Inspector. Such returns and information as may be required by the Deputy Commissioner or Excise Officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

(22) The sales must be conducted in a suitable building which shall have only one door and no windows or other opening shall be allowed to the rear or at the ends of the building. The bar at which toddy is sold shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and no second room shall be used for the sale of toddy, or be kept open for customers.

(23) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner, in the prescribed form and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules, are strictly prohibited. Provided, however,

that in Bagani tracts, the licensee who has purchased the right of vend of Bagani toddy, may permit the tapping of Bagani trees for domestic consumption, as well as for sale, within the limits of the village purchased by him.

(24) The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops, the quantity being such as may be fixed by the Excise Divisional Officer.

(25) The licensee shall place the license granted to him in a conspicuous place in the shops.

(26) The right is reserved to the Deputy Commissioner to grant occasional licenses for the sale of toddy on the occurrence of fairs, festivals, etc., in places in the vicinity of which, there are no regularly licensed shops. Such licenses shall ordinarily be granted to shop-keepers, who usually supply the locality. Their period shall not exceed fifteen days and the fee to be paid therefor shall be fixed at the Duputy Commissioner's discretion unless he decides to sell the same by public auction.

(27) A signboard shall be affixed in a conspicuous part of the front of each shop containing, in the local vernacular, the name of the shop-keeper, number of his license and the rate at which toddy is sold by him. Toddy can be removed upon passes for consumption up to the limit of one imperial gallon or four seers.

(33) The distillation of spirit from toddy is absolutely prohibited.

(34) Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depots if any. (35) Toddy shall not be sold to the public at less than the retail rates fixed by Government as per schedule attached.

(36) The licensee shall possess or use on any licensed premises only such standard measures of capacity as may, from time to time, be prescribed by the Excise Commissioner. The officers authorized to inspect licensed

shops, are empowered to enter and examine the premises to test measures in use and the toddy under sale and to call for and check accounts in the shop.

(37) The licensee shall have such measures tested and stamped to his own expense.

(38) No toddy shall be sold or given to any European non-commissioned officer, private or solder, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any European or Eurasian sailor, nor to any sepoy, member of the Police force, Excise officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under fourteen years of age, nor to any insane person for consumption on the premises; nor shall any toddy be sold *on credit*.

(39) The Deputy Commissioner or Assistant Commissioner in charge of the Taluk may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

(40) The Government reserves the power to terminate the lease on public grounds, on giving the licensee fifteen days' notice and awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor than toddy.

(41) The license shall not be transferable by sale, gift or otherwise or be sub-rented except with the permission of the Excise Commissioner. Applications for the resignation of shops in whole or in part will be summarily rejected by the Deputy Commissioner.

(42) No person shall be appointed by the licensee for the management of any such privilege without the Deputy Commissioner's previous approval.

(43) All engagements entered into by agent, shall be deposited with the Deputy Commissioner within one month from the date of execution.

(44) If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

(45) The licensee of shop or group of shops shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within five miles from it nor permit any person having interest in the exclusive privilege of vending arrack within the said area of five miles to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore, or in the Civil and Military Station of Bangalore.

(46) The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise officers. He shall have no other pecuniary dealings with any Excise officer.

(47) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(48) In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee or with his connivance or privity by any person in his employment, or in case of the licensee neglecting to open his shops on 1st July 1906, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege shall be made good by the licensee, or his surety in the manner specified in condition 53. All sums due shall be recovered in the same manner as if they were arrears of land revenue.

(49) An Inspection note-book with the pages numbered, consecutively for inspecting officers to enter their remarks, shall be maintained and be handed over to the Excise Inspector in charge of the Range or any officer authorized by him to receive it on a receipt being given therefor.

(50) The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

(51) No person who has been convicted of any heinous offence under the Indian Penal Code shall be employed in the carriage or sale of liquor without the Deputy Commissioner's previous permission.

(52) If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Regulation or Opium Act or other law for the time being in force, which, in the Deputy Commissioner's opinion, renders him unfit to hold the license, it shall be lawful for the Deputy Commissioner to declare his license forfeited or sell or otherwise dispose of the privilege at the risk of the licensee.

(53) All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of land revenue.

(54) The licensee shall be bound by the provisions of the Excise Laws and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall, on requisition by the Deputy Commissioner or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

(55) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-men to enable Excise officers to examine incisions or spathes, as the case may be, or to measure the incisions.

## FINANCIAL DEPARTMENT.

*Circular No.* 2084—*T. A.* 168, *dated 9th April* 1906.

*To—All Heads of Departments and Deputy Commissioners of Districts.*

Under Articles 528 (2) and (4) and Note (1) to Article 561 (ii) of the Mysore Service Regulations, Non-gazetted and Ministerial Officers of Government and menial servants of certain classes are entitled to draw their actual travelling expenses by road, subject to a maximum of a specified rate per every mile of road travelled. It would appear that in a large number of cases, Heads of Offices or Departments allow these officers or servants the maximum mileage rates admissible to them without reference to the actual expenditure. This is irregular and leads to correspondence and delay in passing the bills in audit. Countersigning Officers are therefore requested to carefully scrutinize all claims of Non-gazetted Officers and menials in the light of the above remarks and not to pass the maximum rates as a matter of course.

## EXCISE DEPARTMENT.

### SALE OF SEPARATE ARRACK SHOPS FOR 1906-07.

*Notification No. 2213, dated 21st March 1906.*

1. Notice is hereby given that the exclusive right of selling arrack in each of the separate shops specified in the appended schedule* for the twelve months beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction at upset prices, by the respective Deputy Commissioners or by Revenue Assistant Commissioners or by Divisional Officers of the Excise Department or other Officers specially authorized by the Deputy Commissioners for the purpose, on the dates and at the Taluk Head-quarters or other places mentioned below, subject to the conditions hereinafter set forth. If the sales are not completed on abovenamed days, they will be continued on the next following days (close holidays excepted).

2. (*a*) Each bidder at the auction will deposit a sum of Rs. 60 for shops in the Kolar Gold Fields, Rs. 25 for those in the Mysore and Bangalore Cities and Rs. 10 for those in other places, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. It will, if offered, be received at any time within three days prior to the date of sale, provided that the Government may, at any time, dispense with such initial deposit. The deposits made by unsuccessful bidders if not forfeited as hereinafter provided, will be returned at the close of the sale. The shops or group of shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject any bid at his discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid and will be necessary whether the sale be held by the Deputy Commissioner himself or by any other officer appointed by him. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, for any shop singly, the officer conducting the sale may, in consultation with the Excise Divisional Officer, if present, club together more than one shop but not more than two in the District Head-quarter taluks and Kolar Gold Fields and six in other places or, if necessary, reserve shops for which there may be no bids, for disposal hereafter. He may, subject to formal confirmation of the Deputy Commissioner, sell the right in any particular case by means of tenders or by private negotiation. He may also lower the upset price at his discretion. The officer conducting the sale may at his discretion, and without assigning any reason, refuse to accept the bid of any person, on the ground that he has been convicted by a criminal court of such an offence, or has been guilty of such breach of the conditions of the license, or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license, or on the ground that he is insolvent, or in order to prevent arrangements to the detriment of Government interests, or for any other valid reason.

(*b*) No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. (*a*) The successful bidder shall, on the exclusive privilege being knocked down to him, at once, if so required by the selling officer, or otherwise at the close of the day's sale, further deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit, if any, made by him under clause 2 (*a*) will be forfeited, and the privilege will be sold again on the above conditions, or otherwise disposed of at his risk, as the Deputy Commissioner or selling officer may determine.

(*b*) The person to whom a shop or group of shops has been knocked down and who has made deposits as provided above, shall be required to leave his address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and he shall, within seven days after the service of the

* For Schedule see Supplement to the *Mysore Gazette*, dated 5th April 1906.

said notice by its presentation to himself or to any adult male member of his family at the place of said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned, such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent, and execute at the same time before the Amildar the necessary engagements and take out the necessary licenses, as hereinafter set forth.

4. (*a*) The deposit made under the preceding para shall be either in cash or in Government of India Securities duly endorsed in favor of the Deputy Commissioner. Provided that in cases where the monthly rent exceeds Rs. 10 (in lieu of a deposit of two months' rent as above), the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to two months' rent shall invariably be taken, and no personal security shall be accepted. If, on enquiry subsequent to sale, the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of *all moneys* that may become due by him under the terms of the contract.

(*b*) Should the initial deposit exceed the sum required to be deposited under clause 3 (*b*) or clause 4 (*a*), the excess will be refunded to the purchaser.

5. The purchaser shall execute an agreement in the prescribed form, binding himself and, unless exempted by the Deputy Commissioner by an order duly recorded, so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety or sureties, if any have been accepted, shall also execute a bond in the prescribed form binding himself or themselves and so much of his or their movable or immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of the agreement. The agreement and the bond so executed shall be stamped at the expense of the purchaser. They shall also be registered at his expense when the amount secured is Rs. 100 and above.

6. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, and in taking out licenses as aforesaid, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss caused by such re-sale or other disposal. He shall not be entitled to any gain accruing from the re-sale or other disposal, and he shall be debarred from bidding again for the same or for any other shop or group of shops. In the case of loss the forfeited deposits will be deducted from it and the remainder, if any, shall be recovered as if it were an arrear of land revenue. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

7. Re-sales or other disposal effected under para 6 will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss caused by re-sale or other disposal he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale or other disposal. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale or other disposal, and the remainder, if any, shall be recovered from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

8. The amount of rental, the consumption of arrack in each shop, etc., for several years past are specified in the appended schedule.

9. The license to be taken out under para 3 (*b*) above, shall be subject to the following conditions but nothing herein contained shall exempt the purchaser of the

privilege from liability to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued:—

(1) The amount for which the privilege has been purchased shall, if it exceeds Rs. 12 per annum, be payable into the local Taluk Treasury in equal monthly instalments commencing from July 1906. But where it does not exceed Rs. 12 per annum, it shall be paid in not more than three equal quarterly instalments. Each instalment shall be regarded as the rent for the month or quarter in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's or quarter's rent shall be payable on or before the 20th of the same month, or before the end of the quarter for which the instalment is due. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, suspend, or declare by record in writing that the license is forfeited, and proceed to re-sell or otherwise dispose of the shop or group of shops as soon after the last day of the month or quarter as may be possible with effect from the date of issue of license to the new purchaser or from the date of other disposal. The officer who has power to suspend license may, however, at his discretion, allow sales to continue pending re-sale of other disposal of the privilege.

*Note.*—The licensee of a Jatra shop shall pay the rent thereof in full before the Jatra begins.

(2) The deposit made by the licensee shall be taken as security for the due performance of the conditions of the license and if not forfeited, credited or otherwise disposed of, shall be credited in payment of the instalments due in the last two months of the period of the lease. Provided, however, that where the shop or group of shops is re-sold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the re-sale or other disposal of the shop or group of shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(3) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) The privilege conferred by the license extends only to the sale of arrack ordinarily of the strength of 20° under-proof and with the special permission of the Deputy Commissioner or other officer authorized by him to the sale of arrack of 30° U. P. In places where there are no shops for the vend of foreign liquors or where the foreign liquor shop-keepers do not undertake to sell double-distilled or rectified country spirits and special liquors such as Brandy, Whisky, Gin, etc., of such strength as may be fixed by the Excise Commissioner, manufactured at the Government Central Distillery, Bangalore, the holder of arrack shop license of approved character may, with the sanction of the Excise Commissioner, be permitted to sell the same in duly corked sealed bottles not to be drunk on the premises, at such prices as may be fixed by the Excise Commissioner, and subject to conditions otherwise applicable to the sale of arrack.

## SALE OF DRUG SHOPS FOR 1906-07.

*Notice No. 2215, dated 21st March 1906.*

1. Notice is hereby given that the exclusive privilege of selling intoxicating drugs in each of the shops specified in the schedule* hereto appended, for the twelve months beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the respective taluk or sub-taluk head-quarters, on the dates specified in the annexed statement, subject to the conditions hereinafter set forth.

2. Each bidder at the auction will deposit a sum of Rs. 5, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding, provided that the Government may at any time dispense with such initial deposit. Each shop will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government*, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as purchaser any one in whose name the bidding has not proceeded.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. The persons to whom the shops have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also be required to leave his address with the sale conducting officer in order that the confirmation of the sale may be communicated to that address by a notice, etc., and he shall, within 7 days, after the service of the said notice by its presentation to the purchaser or any adult male member in the place of the said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute a counterpart engagement, in the prescribed forms, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the shop will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale or other disposal he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale or other disposal. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above, shall be subject to the following conditions, namely :—

(1) The amount for which the privilege has been purchased shall be payable into the Taluk Treasury on the prescribed challan in equal monthly instalments commencing from July 1906; each instalment shall be regarded as the rent for the month in respect of which it is payable.

* For Schedule see supplement to the *Mysore Gazette*, dated 5th April 1906.

Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. If such amount be less than Rs. 12, it shall be paid up in not more than three quarterly instalments commencing from 1st July 1906. The deposit of two months' rent made by the licensee, will be taken in payment of the rents due for the last two months of the period of the license. Failing payment by the 20th of the same month or before the end of the quarter for which the instalment is due, the Amildar may, with the sanction of the Deputy Commissioner by record in writing, suspend or cancel the license or order the forfeiture of all deposits made by the defaulter and proceed to re-sell or otherwise dispose of the shop at the defaulter's risk (as soon after the last day of the month or quarter as may be possible) with effect from date of issue of license to the new purchaser or from the date of other disposal. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(2) The licensee shall purchase Ganja and Majum from any Bonded Depot at the rates of Re. 0-13-4 and Re. 0-5-4, respectively, per seer of 80 tolas; and shall pay the price to the Mutsaddi in charge of the Depot.

(6) The licensee shall be bound to take over any Drugs which may remain as stock in hand belonging to the out-going licensee on the 1st July 1906 in the existing shop, paying to the latter such compensation for the same as may be fixed by the Deputy Commissioner.

(7) The licensee shall be bound by the rules in force, and by such further rules as may be issued from time to time by Government. He shall not during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect in any intoxicating drug shop outside the Mysore State or in the Civil and Military Station.

(8) No female shall be employed in the sale of intoxicating drugs.

(9) The remaining terms and conditions shall be as set forth in the prescribed license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell or to otherwise dispose of the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1906, shall be made good by him. When a license is cancelled, the rent for the whole period of the license shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

## SALE OF TODDY SHOPS FOR 1906-07.

*Notification No. 2214, dated 21st March 1906.*

1. It is hereby notified that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended Schedule,* for one year, beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Assistant Commissioners or Divisional Officers of the Excise Department or other officers specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned below, and at the respective Taluk or Sub-Taluk Kasabas, and, except as hereinafter provided, will be knocked down to the bidder offering the highest amount of rent above those prices. If the sales are not completed on the abovenamed days, they will be continued on the next following days (close holidays excepted). Should there be no bids for any shops singly, the officer conducting the sale shall be at liberty to revise, when necessary, in consultation with the Excise Divisional Officer, if present, the grouping of shops as specified in the Schedule hereto appended, or, if necessary, to reserve shops for which there may be no bids, for disposal hereafter, or to sell the said privilege in any particular case, by means of tenders or by private negotiation. The privilege in any Coffee Estate may be sold to the planter for a fixed amount not less than Rs. 12 per shop per annum. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, *unless revised by the Government*, take effect on formal confirmation by the Deputy Commissioner who shall be at liberty to accept or reject any bid at his discretion without assigning reason for the same. Such formal confirmation will be necessary whether the sale be held by the Deputy Commissioner himself or by any other officer appointed by him Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at his discretion. The officer conducting the sale may, at his discretion and without assigning any reason, refuse to accept the bid of any person on the ground that he has been convicted by a criminal court of such an offence, or has been guilty of such an infringement of the terms of his license or of a contract under the Excise Regulation or Opium Act as to render him undesirable as a holder of a license, or on the ground that he is insolvent, or in order to prevent arrangements to the detriment of Government interests, or for any other valid reason.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 25 for shops in the Kolar Gold Fields and the Cities of Bangalore and Mysore and Rs. 10 for shops in other places, or such other reasonable amount as may be fixed by the officer conducting the sale Provided that the Government may at any time dispense with such initial deposit. Such deposit will, if offered, be received within three days previous to the date of sale. Deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*b*) No shops or group of shops shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. (*a*) The successful bidder shall, on the exclusive privilege being knocked down to him, at once, if so required by the selling officer, or otherwise at the close of the day's sale, further deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent unless the initial deposit equals or exceeds two months' rent. Should he failed to do so, the deposit, if any, made by him under clause 2 (*a*) will be forfeited, and the privilege will be sold again on the

* For Schedule see Supplemental to the *Mysore Gazette*, dated 5th April 1906.

above conditions, or otherwise disposed of at his risk, as the Deputy Commissioner or selling officer may determine.

(*b*) The person to whom a shop or group of shops has been knocked down and who has made deposits as provided above, shall be required to leave his address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and he shall, within seven days after the service of the said notice by its presentation to himself or to any adult male member of his family at the place of said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned, such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent, and execute at the same time before the Amildar the necessary engagements and take out the necessary licenses, as hereinafter set forth.

4. (*a*) The deposit made under the preceding para shall be either in cash or in Government of India Securities duly endorsed in favor of the Deputy Commissioner. Provided that in cases where the monthly rent exceeds Rs. 10 (in lieu of a deposit of two months' rent as above), the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to two months' rent shall invariably be taken, and no personal security shall be accepted. If, on enquiry subsequent to sale, the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of *all moneys* that may become due by him under the terms of the contract.

(*b*) Should the initial deposit exceed the sum required to be deposited under clause 3 (*b*) or clause 4 (*a*), the excess will be refunded to the purchaser.

5. The purchaser of the exclusive privilege shall execute an agreement binding himself and, unless exempted by the Deputy Commissioner by an order duly recorded, so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the above para, shall also execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. The agreement and bond so executed shall be stamped at the expense of the purchaser. They shall also be registered at his expense when the amount secured is Rs. 100 and above.

6. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, and in taking out licenses as aforesaid, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss caused by such re-sale or other disposal. He shall not be entitled to any gain accruing from the re-sale or other disposal, and he shall be debarred from bidding again for the same or for any other shop or group of shops. In the case of loss the forfeited deposits will be deducted from it and the remainder, if any, shall be recovered as if it were an arrear of land revenue. In the case of the purchaser's death, after the confirmation of the sale, it will be binding on his heirs or assigns.

7. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions; but nothing herein contained shall exempt the purchaser of the privilege from liability to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him:—

(1) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date Toddy shop shall not tap Bagani trees and the licensee of the

Bagani Toddy shop shall not tap Date trees but both licensees can tap any of the other palm trees named above.

(2) The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1906. No amount shall be paid to or received by the Excise Officers. In the malnad and semi-malnad taluks, the Deputy Commissioner may permit patels of villages who are not themselves licensees to receive payments not exceeding Rs. 50 from any individual at a time. But if the amount of annual rent for any shop does not exceed Rs. 12, the whole of it shall be paid in not more than three quarterly instalments. Each instalment shall be regarded as the rent for the month or quarter in respect of which it is payable. The licensee will make separate payment on account of local cess. Each month's or quarter's rent shall be payable on or before the 20th of the same month or before the end of the quarter. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writting, suspend or cancel the license, order the forfeiture of all deposits made by the defaulter and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk (as soon after the last day of the month or quarter as may be possible), with effect from date of issue of license to the new purchaser, or from the date of other disposal. Provided, however, that instead of re-selling the same as above the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay. The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

NOTE.—The licensee of a Jatra shop shall pay the rent thereof in full before the Jatra begins.

(4) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yeilding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessity for the same. No toddy except the produce of trees marked by a proper officer and tapped under a license shall be kept in the shop or offered for sale or sold.

(5) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the eight days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be removed from the trees except during the currency of such license.

(6) (*a*) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also for tree-rent in the case of trees on Government unoccupied lands and also for local cess thereon.

(*b*) On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector, and for the timely issue of the license. Applicants for date trees shall get the requisite spaces on their stems prepared and point

out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they failed to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(7). No tree shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

(8) (1) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

| Description of trees. | Rates of tree-tax including local cess per tree per annum. | | |
|---|---|---|---|
| | Rs. | a. | p. |
| Date ... .. .. .. | 1 | 1 | 0 |
| Cocoanut .. .. ... ... | 2 | 2 | 0 |

| Bagani or sago ... .. ... .. | 1 | 9 | 6 |
| Dadasal (Arenga wightii) .. ... .. | 0 | 8 | 6 |

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in clause 15 (1) (*b*) below.

(2) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess at 3 pies thereon shall be paid for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject, of course, to the levy by Government of tree-tax.

(9) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

| Period within which license is applied for | Proportion of tree-tax to be paid at the time of application for license | Proportion of tree-tax to be paid on the first of the 3rd month |
|---|---|---|
| Between 1st July 1906 and 30th April 1907 .. | One-third .. | The remaining two-thirds. |
| Between 1st May 1907 and 30th June 1907 ... | The whole ... | ..... |

(10) (*a*) The tree-rent together with the local cess on tree-rent and also the local cess on the tree-tax for trees applied for shall be payable in full at the time of application for tapping license.

(*b*) If any instalments are not paid within the time, the license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation.

(*c*) When the licensee makes default and his shop is re-sold, his rights to and claim on Government trees cease and determine.

(*d*) In case of default, the Amildar with the Deputy Commissioner's permission will order the suspension of the tapping license till the arrears are paid up and if, after receiving notice of such suspension, the defaulter continue to tap the trees, he will be prosecuted for illicit tapping.

(11) The deposit made by the licensee will be taken as security for the due performance of the conditions of the license and if not forfeited or credited or otherwise disposed of shall be taken in payment of the instalment due in the last months or month of the period of the license.

All arrears and deficits payable by the licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale or disposal otherwise. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee, nor will he be entitled to any compensation for any trees withdrawn or taken for the public purpose.

(12) If the Deputy Commissioner does not confim the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(13) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized in this behalf.

(14) The tree-tax on toddy produced by trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(15) (1) Tree-tapping licenses in the prescribed form shall be issued on the application :—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents,

(*b*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

(2) The licenses may be issued in the name of the applicant himself or of his nominees.

Applications for tree-tapping licenses for trees in State Forests and plantations should be countersigned by the Forest Range Officer in token of his consent.

(18) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(h) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(20) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not received for tapping.

The accounts and permits shall be in printed books which may be obtained from the local Excise Officer on payment of cost price. Permits for toddy received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. ## FINANCIAL DEPARTMENT.

*Circular No. 2084—T. A. 168, dated 9th April 1906.*

*To—All Heads of Departments and Deputy Commissioners of Districts.*

Under Articles 528 (2) and (4) and Note (1) to Article 561 (ii) of the Mysore Service Regulations, Non-gazetted and Ministerial Officers of Government and menial servants of certain classes are entitled to draw their actual travelling expenses by road, subject to a maximum of a specified rate per every mile of road travelled. It would appear that in a large number of cases, Heads of Offices or Departments allow these officers or servants the maximum mileage rates admissible to them without reference to the actual expenditure. This is irregular and leads to correspondence and delay in passing the bills in audit. Countersigning Officers are therefore requested to carefully scrutinize all claims of Non-gazetted Officers and menials in the light of the above remarks and not to pass the maximum rates as a matter of course.

### SALE OF SEPARATE ARRACK SHOPS FOR 1906-07.

*Notification No. 2213, dated 21st March 1906.*

1. Notice is hereby given that the exclusive right of selling arrack in each of the separate shops specified in the appended schedule* for the twelve months beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction at upset prices, by the respective Deputy Commissioners or by Revenue Assistant Commissioners or by Divisional Officers of the Excise Department or other Officers specially authorized by the Deputy Commissioners for the purpose, on the dates and at the Taluk Head-quarters or other places mentioned below, subject to the conditions hereinafter set forth. If the sales are not completed on abovenamed days, they will be continued on the next following days (close holidays excepted).

2. (*a*). Each bidder at the auction will deposit a sum of Rs. 60 for shops in the Kolar Gold Fields, Rs. 25 for those in the Mysore and Bangalore Cities and Rs. 10 for those in other places, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. It will, if offered, be received at any time within three days prior to the date of sale, provided that the Government may, at any time, dispense with such initial deposit. The deposits made by unsuccessful bidders if not forfeited as hereinafter provided, will be returned at the close of the sale. The shops or group of shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject any bid at his discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid and will be necessary whether the sale be held by the Deputy Commissioner himself or by any other officer appointed by him. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, for any shop singly, the officer conducting the sale may, in consultation with the Excise Divisional Officer, if present, club together more than one shop but not more than two in the District Head-quarter taluks and Kolar Gold Fields and six in other places or, if necessary, reserve shops for which there may be no bids, for disposal hereafter. He may, subject to formal confirmation of the Deputy Commissioner, sell the right in any particular case by means of tenders or by private negotiation. He may also lower the upset price at his discretion. The officer conducting the sale may at his discretion, and without assigning any reason, refuse to accept the bid of any person, on the ground that he has been convicted by a criminal court of such an offence, or has been guilty of such breach of the conditions of the license, or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license, or on the ground that he is insolvent, or in order to prevent arrangements to the detriment of Government interests, or for any other valid reason.

(*b*) No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. (*a*) The successful bidder shall, on the exclusive privilege being knocked down to him, at once, if so required by the selling officer, or otherwise at the close of the day's sale, further deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit, if any, made by him under clause 2 (*a*) will be forfeited, and the privilege will be sold again on the above conditions, or otherwise disposed of at his risk, as the Deputy Commissioner or selling officer may determine.

(*b*). The person to whom a shop or group of shops has been knocked down and who has made deposits as provided above, shall be required to leave his address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and he shall, within seven days after the service of the

said notice by its presentation to himself or to any adult male member of his family at the place of said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned, such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent, and execute at the same time before the Amildar the necessary engagements and take out the necessary licenses, as hereinafter set forth.

4. (*a*) The deposit made under the preceding para shall be either in cash or in Government of India Securities duly endorsed in favor of the Deputy Commissioner. Provided that in cases where the monthly rent exceeds Rs. 10 (in lieu of a deposit of two months' rent as above), the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to two months' rent shall invariably be taken, and no personal security shall be accepted. If, on enquiry subsequent to sale, the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of *all moneys* that may become due by him under the terms of the contract.

(*b*) Should the initial deposit exceed the sum required to be deposited under clause 3 (*b*) or clause 4 (*a*), the excess will be refunded to the purchaser.

5. The purchaser shall execute an agreement in the prescribed form, binding himself and, unless exempted by the Deputy Commissioner by an order duly recorded, so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety or sureties, if any have been accepted, shall also execute a bond in the prescribed form binding himself or themselves and so much of his or their movable or immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of the agreement. The agreement and the bond so executed shall be stamped at the expense of the purchaser. They shall also be registered at his expense when the amount secured is Rs. 100 and above.

6. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, and in taking out licenses as aforesaid, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss caused by such re-sale or other disposal. He shall not be entitled to any gain accruing from the re-sale or other disposal, and he shall be debarred from bidding again for the same or for any other shop or group of shops. In the case of loss the forfeited deposits will be deducted from it and the remainder, if any, shall be recovered as if it were an arrear of land revenue. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

7. Re-sales or other disposal effected under para 6 will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss caused by re-sale or other disposal he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale or other disposal. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale or other disposal, and the remainder, if any, shall be recovered from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

8. The amount of rental, the consumption of arrack in each shop, etc., for several years past are specified in the appended schedule.

9. The license to be taken out under para 3 (*b*) above, shall be subject to the following conditions but nothing herein contained shall exempt the purchaser of the

99

privilege from liability to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued:—

(1) The amount for which the privilege has been purchased shall, if it exceeds Rs. 12 per annum, be payable into the local Taluk Treasury in equal monthly instalments commencing from July 1906. But where it does not exceed Rs. 12 per annum, it shall be paid in not more than three equal quarterly instalments. Each instalment shall be regarded as the rent for the month or quarter in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's or quarter's rent shall be payable on or before the 20th of the same month, or before the end of the quarter for which the instalment is due. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, suspend, or declare by record in writing that the license is forfeited, and proceed to re-sell or otherwise dispose of the shop or group of shops as soon after the last day of the month or quarter as may be possible with effect from the date of issue of license to the new purchaser or from the date of other disposal. Provided, however, that where the shop or group of shops is re-sold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the re-sale or other disposal of the shop or group of shops. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

## SALE OF DRUG SHOPS FOR 1906-07.

*Notice No. 2215, dated 21st March 1906.*

1. Notice is hereby given that the exclusive privilege of selling intoxicating drugs in each of the shops specified in the schedule* hereto appended, for the twelve months beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the respective taluk or sub-taluk head-quarters, on the dates specified in the annexed statement, subject to the conditions hereinafter set forth:

2. Each bidder at the auction will deposit a sum of Rs. 5, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding, provided that the Government may at any time dispense with such initial deposit. Each shop will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government*, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as purchaser any one in whose name the bidding has not proceeded.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to ⅝ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale or other disposal he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale or other disposal. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. *Notification No. 2214, dated 21st March 1906.*

1. It is hereby notified that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended Schedule,* for one year, beginning with 1st July 1906 and ending with 30th June 1907, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Assistant Commissioners or Divisional Officers of the Excise Department or other officers specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned below, and at the respective Taluk or Sub-Taluk Kasabas, and, except as hereinafter provided, will be knocked down to the bidder offering the highest amount of rent above those prices. If the sales are not completed on the abovenamed days, they will be continued on the next following days (close holidays excepted). Should there be no bids for any shops singly, the officer conducting the sale shall be at liberty to revise, when necessary, in consultation with the Excise Divisional Officer, if present, the grouping of shops as specified in the Schedule hereto appended, or, if necessary, to reserve shops for which there may be no bids, for disposal hereafter, or to sell the said privilege in any particular case, by means of tenders or by private negotiation. The privilege in any Coffee Estate may be sold to the planter for a fixed amount not less than Rs. 12 per shop per annum. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, *unless revised by the Government*, take effect on formal confirmation by the Deputy Commissioner who shall be at liberty to accept or reject any bid at his discretion without assigning reason for the same. Such formal confirmation will be necessary whether the sale be held by the Deputy Commissioner himself or by any other officer appointed by him Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at his discretion. The officer conducting the sale may, at his discretion and without assigning any reason, refuse to accept the bid of any person on the ground that he has been convicted by a criminal court of such an offence, or has been guilty of such an infringement of the terms of his license or of a contract under the Excise Regulation or Opium Act as to render him undesirable as a holder of a license, or on the ground that he is insolvent, or in order to prevent arrangements to the detriment of Government interests, or for any other valid reason.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 25 for shops in the Kolar Gold Fields and the Cities of Bangalore and Mysore and Rs. 10 for shops in other places, or such other reasonable amount as may be fixed by the officer conducting the sale. Provided that the Government may at any time dispense with such initial deposit. Such deposit will, if offered, be received within three days previous to the date of sale. Deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*b*) No shops or group of shops shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. (*a*) The successful bidder shall, on the exclusive privilege being knocked down to him, at once, if so required by the selling officer, or otherwise at the close of the day's sale, further deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent unless the initial deposit equals or exceeds two months' rent. Should he failed to do so, the deposit, if any, made by him under clause 2 (*a*) will be forfeited, and the privilege will be sold again on the

* For Schedule see Supplemental to the *Mysore Gazette*, dated 5th April 1906.

above conditions, or otherwise disposed of at his risk, as the Deputy Commissioner or selling officer may determine.

(b) The person to whom a shop or group of shops has been knocked down and who has made deposits as provided above, shall be required to leave his address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and he shall, within seven days after the service of the said notice by its presentation to himself or to any adult male member of his family at the place of said address or by its being affixed thereto or by its forwardal duly registered by post, pay at the Taluk Treasury concerned, such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent, and execute at the same time before the Amildar the necessary engagements and take out the necessary licenses, as hereinafter set forth.

4. (a) The deposit made under the preceding para shall be either in cash or in Government of India Securities duly endorsed in favor of the Deputy Commissioner. Provided that in cases where the monthly rent exceeds Rs. 10 (in lieu of a deposit of two months' rent as above), the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to two months' rent shall invariably be taken, and no personal security shall be accepted. If, on enquiry subsequent to sale, the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of *all moneys* that may become due by him under the terms of the contract.

(b) Should the initial deposit exceed the sum required to be deposited under clause 3 (b) or clause 4 (a), the excess will be refunded to the purchaser.

5. The purchaser of the exclusive privilege shall execute an agreement binding himself and, unless exempted by the Deputy Commissioner by an order duly recorded, so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the above para, shall also execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. The agreement and bond so executed shall be stamped at the expense of the purchaser. They shall also be registered at his expense when the amount secured is Rs. 100 and above.

6. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, and in taking out licenses as aforesaid, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss caused by such re-sale or other disposal. He shall not be entitled to any gain accruing from the re-sale or other disposal, and he shall be debarred from bidding again for the same or for any other shop or group of shops. In the case of loss the forfeited deposits will be deducted from it and the remainder, if any, shall be recovered as if it were an arrear of land revenue. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

7. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions; but nothing herein contained shall exempt the purchaser of the privilege from liability to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him:—

(i) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date Toddy shop shall not tap Bagani trees and the licensee of the

Bagani Toddy shop shall not tap Date trees but both licensees can tap any of the other palm trees named above.

(2) The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1906. No amount shall be paid to or received by the Excise Officers. In the malnad and semi-malnad taluks, the Deputy Commissioner may permit patels of villages who are not themselves licensees to receive payments not exceeding Rs. 50 from any individual at a time. But if the amount of annual rent for any shop does not exceed Rs. 12, the whole of it shall be paid in not more than three quarterly instalments. Each instalment shall be regarded as the rent for the month or quarter in respect of which it is payable. The licensee will make separate payment on account of local cess. Each month's or quarter's rent shall be payable on or before the 20th of the same month or before the end of the quarter. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writting, suspend or cancel the license, order the forfeiture of all deposits made by the defaulter and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk (as soon after the last day of the month or quarter as may be possible), with effect from date of issue of license to the new purchaser, or from the date of other disposal. Provided, however, that instead of re-selling the same as above the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay. The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

NOTE.—The licensee of a Jatra shop shall pay the rent thereof in full before the Jatra begins

(4) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yeilding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessity for the same. No toddy except the produce of trees marked by a proper officer and tapped under a license shall be kept in the shop or offered for sale or sold.

(5) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the eight days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be removed from the trees except during the currency of such license.

6) (*a*) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also for tree-rent in the case of trees on Government unoccupied lands and also for local cess thereon.

(*b*) On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector, and for the timely issue of the license. Applicants for date trees shall get the requisite spaces on their stems prepared and point

out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(7) No tree shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

(8) (1) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

| Description of trees. | Rates of tree-tax including local cess per tree per annum Rs. | a. | p. |
|---|---|---|---|
| Date .. .. .. .. | 1 | 1 | 0 |
| Cocoanut .. ... ... ... | 2 | 2 | 0 |
| Palmyra ... .. ... ... | 1 | 9 | 6 |
| Bagani or sago ... ... ... .. | 1 | 9 | 6 |
| Dadasal (Arenga wightii) ... ... ... | 0 | 8 | 6 |

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in clause 15 (1) (b) below.

(2) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess at 3 pies thereon shall be paid for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject, of course, to the levy by Government of tree-tax.

(9) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

| Period within which license is applied for | Proportion of tree-tax to be paid at the time of application for license | Proportion of tree-tax to be paid on the first of the 3rd month |
|---|---|---|
| Between 1st July 1906 and 30th April 1907 .. | One-third . | The remaining two-thirds. |
| Between 1st May 1907 and 30th June 1907 ... | The whole ... | ..... |

(10) (a) The tree-rent together with the local cess on tree-rent and also the local cess on the tree-tax for trees applied for shall be payable in full at the time of application for tapping license.

(b) If any instalments are not paid within the time, the license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation.

(c) When the licensee makes default and his shop is re-sold, his rights to and claim on Government trees cease and determine.

(d) In case of default, the Amildar with the Deputy Commissioner's permission will order the suspension of the tapping license till the arrears are paid up and if, after receiving notice of such suspension, the defaulter continue to tap the trees, he will be prosecuted for illicit tapping.

(11) The deposit made by the licensee will be taken as security for the due performance of the conditions of the license and if not forfeited or credited or otherwise disposed of shall be taken in payment of the instalment due in the last months or month of the period of the license.

All arrears and deficits payable by the licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale or disposal otherwise. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee, nor will he be entitled to any compensation for any trees withdrawn or taken for the public purpose.

(12) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(13) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized in this behalf.

(14) The tree-tax on toddy produced by trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(15) (1) Tree-tapping licenses in the prescribed form shall be issued on application—

(a) of licensed toddy shop-keepers or of their duly authorized agents,

(b) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bonâ fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

(2) The licenses may be issued in the name of the applicant himself or of his nominees.

(16) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

(17) Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and plantations should be countersigned by the Forest Range Officer in token of his consent.

(18) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(19) Every person to whom a tapping license is granted for the manufacture of toddy shall observe the following rules in tapping date trees:—

(a) Date trees shall be tapped only by professional men.

(b) Trees tapped one year shall not ordinarily be tapped the next year.

(c) Trees shall not be over-tapped or over-worked.

(d) In no date trees shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given by the Excise Commissioner.

(e) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(f) Every fresh incision shall not be less than one foot above the last incision except in localities where permission is specially given.

(g) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(h) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(i) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

(20) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not received for tapping.

(21) The licensee of the depot or shop or group of shops will be required to keep true account of the receipts and issues of toddy from day to day in ink in the prescribed form. The accounts and permits shall be in printed books which may be obtained from the local Excise Officer on payment of cost price. Permits for toddy received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved and delivered to the local Excise Officer immediately after the close of the lease. They shall be produced when asked for by the Deputy Commissioner or any officer appointed by him or by an Excise Officer not below the rank of an Excise Assistant Inspector. Such returns and information as may be required by the Deputy Commissioner or Excise Officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

(22) The sales must be conducted in a suitable building which shall have only one door, and no windows or other opening shall be allowed to the rear or at the ends of the building. The bar at which toddy is sold shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and no second room shall be used for the sale of toddy, or be kept open for customers.

(23) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner, in the prescribed form and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules, are strictly prohibited. Provided, however

that in Bagani tracts, the licensee who has purchased the right of vend of Bagani toddy, may permit the tapping of Bagani trees for domestic consumption as well as for sale, within the limits of the village purchased by him.

(24) The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops, the quantity being such as may be fixed by the Excise Divisional Officer.

(25) The licensee shall place the license granted to him in a conspicuous place in the shops.

(26) The right is reserved to the Deputy Commissioner to grant occasional licenses for the sale of toddy on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses shall ordinarily be granted to shop-keepers, who usually supply the locality. Their period shall not exceed fifteen days and the fee to be paid therefor shall be fixed at the Deputy Commissioner's discretion unless he decides to sell the same by public auction.

(27) A sign-board shall be affixed in a conspicuous part of the front of each shop containing, in the local vernacular, the name of the shop-keeper, number of his license and the rate at which toddy is sold by him. The sale or transport of toddy by persons suffering from leprosy or any contagious disease and the employment of such persons in the shop, are prohibited.

(28) The licensee shall prevent all drunkenness or disorder or gaming within his shops.

(29) No shop shall be opened before sunrise or kept open after 9-30 P. M. in the City of Bangalore except under special authority. The shops shall be kept open during the authorized hours, unless its temporary or permanent closure is authorized by the Deputy Commissioner.

(30) The licensee shall not harbour robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters. No persons shall be harboured in any shop during the night, but, on the contrary, the licensee shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to his shops.

(31) The licensee shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for toddy, but on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

(32) The licensee, vendor, or vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop. He shall not allow any one to take out of his shop without a pass more than two seers or imperial quarts with the exception of bakers who are permitted to purchase and remove the quantity of toddy specified in the pass held by them. Toddy can be removed upon passes for consumption up to the limit of one imperial gallon or four seers.

(33) The distillation of spirit from toddy is absolutely prohibited.

(34) Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depots if any. No ingredient noxious to health shall be put into the toddy either to increase its intoxicating power or for any other purpose. All officers authorized to inspect shops and depots are authorized to detain any liquor found unfit for consumption or use and Excise Commissioner, all Deputy Commissioners and Deputy Excise Commissioner and Excise Assistant Commissioners are empowered to destroy such liquor.

(35) Toddy shall not be sold to the public at less than the retail rates fixed by Government as per schedule attached.

(36) The licensee shall possess or use on any licensed premises only such standard measures of capacity as may, from time to time, be prescribed by the Excise Commissioner. The officers authorized to inspect licensed

shops, are empowered to enter and examine the premises to test measures in use and the toddy under sale and to call for and check accounts in the shop.

(37) The licensee shall have such measures tested and stamped to his own expense.

(38) No toddy shall be sold or given to any European non-commissioned officer, private or solder, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any European or Eurasian sailor, nor to any sepoy, member of the Police force, Excise officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under fourteen years of age, nor to any insane person for consumption on the premises; nor shall any toddy be sold *on credit*.

(39) The Deputy Commissioner or Assistant Commissioner in charge of the Taluk may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

(40) The Government reserves the power to terminate the lease on public grounds, on giving the licensee fifteen days' notice and awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor than toddy.

(41) The license shall not be transferable by sale, gift or otherwise or be sub-rented except with the permission of the Excise Commissioner. Applications for the resignation of shops in whole or in part will be summarily rejected by the Deputy Commissioner.

(42) No person shall be appointed by the licensee for the management of any such privilege without the Deputy Commissioner's previous approval.

(43) All engagements entered into by agent, shall be deposited with the Deputy Commissioner within one month from the date of execution.

(44) If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

(45) The licensee of shop or group of shops shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within five miles from it nor permit any person having interest in the exclusive privilege of vending arrack within the said area of five miles to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore, or in the Civil and Military Station of Bangalore.

(46) The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise officers. He shall have no other pecuniary dealings with any Excise officer.

(47) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work

120

(48) In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee or with his connivance or privity by any person in his employment, or in case of the licensee neglecting to open his shops on 1st July 1906, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege shall be made good by the licensee, or his surety in the manner specified in condition 53. All sums due shall be recovered in the same manner as if they were arrears of land revenue.

(49) An Inspection note-book with the pages numbered consecutively for inspecting officers to enter their remarks, shall be maintained and be handed over to the Excise Inspector in charge of the Range or any officer authorized by him to receive it on a receipt being given therefor.

(50) The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

(51) No person who has been convicted of any heinous offence under the Indian Penal Code shall be employed in the carriage or sale of liquor without the Deputy Commissioner's previous permission.

(52) If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Regulation or Opium Act or other law for the time being in force, which, in the Deputy Commissioner's opinion, renders him unfit to hold the license, it shall be lawful for the Deputy Commissioner to declare his license forfeited or sell or otherwise dispose of the privilege at the risk of the licensee.

(53) All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of land revenue.

(54) The licensee shall be bound by the provisions of the Excise Laws and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall, on requisition by the Deputy Commissioner or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

(55) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-men to enable Excise officers to examine incisions or spathes, as the case may be, or to measure the incisions.

## FINANCIAL DEPARTMENT.

*Circular No. 2084—T. A. 168, dated 9th April 1906.*

*To—All Heads of Departments and Deputy Commissioners of Districts.*

Under Articles 528 (2) and (4) and Note (1) to Article 561 (ii) of the Mysore Service Regulations, Non-gazetted and Ministerial Officers of Government and menial servants of certain classes are entitled to draw their actual travelling expenses by road, subject to a maximum of a specified rate per every mile of road travelled. It would appear that in a large number of cases, Heads of Offices or Departments allow these officers or servants the maximum mileage rates admissible to them without reference to the actual expenditure. This is irregular and leads to correspondence and delay in passing the bills in audit. Countersigning Officers are therefore requested to carefully scrutinize all claims of Non-gazetted Officers and menials in the light of the above remarks and not to pass the maximum rates as a matter of course.

## FINANCIAL DEPARTMENT.

*Circular No.* 2084—*T. A.* 163, *dated* 9*th April* 1906.

*To—All Heads of Departments and Depaty Commissioners of Districts.*

Under Articles 528 (2) and (4) and Note (1) to Article 561 (ii) of the Mysore Service Regulations, non-gazetted Ministerial Officers of Government and menial servants of certain classes are entitled to draw their actual travelling expenses by road, subject to a maximum of a specified rate per every mile of road travelled. It would appear that in a large number of cases, Heads of Offices or Departments allow these officers or servants the maximum mileage rates admissible to them without reference to the actual expenditure. This is irregular and leads to correspondence and delay in passing the bills in audit. Countersigning Officers are therefore requested to carefully scrutinize all claims of non-gazetted ministerial Officers and menials in the light of the above remarks and not to pass tde maximum rates as a matter of course.

The Chairman is requested to report to Government how matters actually stand, with reference to the questions raised by the Deputy Commissioner. |
| III. Government Proceedings No 8909-11—Ml. (322-05)-4 of the 28th February 1906, ordering the reversion from 1st March 1906 of the conservancy establishment in the areas under the operations of the Trust Board to the control of the Trust Board. | Resolved that the Chairman be requested to intimate to Government that, in the opinion of the Board, the retransfer of the conservancy establishment is undesirable, as the officers of the Board are fully occupied with their legitimate duties and cannot attend to the conservancy. With reference to the question of imposing a scavenging cess, the Board is not aware of any provision of the law enabling it to impose such a cess. |
| IV. Government Proceedings No. 8912-14—Ml. 274-05 of the 28th February 1906, regarding the cost of additional temporary conservancy establishment employed by the Municipal and Trust Boards. | Read and recorded. |

B. (69-05)-5, dated 30th November 1905, be brought up at the next budget meeting.

*Resolution.*—The Board regrets to state that no funds are, at present, available for contribution towards the construction of the proposed musafirkhana at Solebyle. As Solebyle and Santhweri are both situated on Provincial Fund roads, which are much frequented by travellers, the construction of musafirkhanas at these places is very necessary, and the Board desires that Government be addressed to construct the musafirkhanas from Provincial Funds, at an early date, as the travelling public is put to much inconvenience.

V. Read Chief Engineer's letter No. 8360, dated 20th December 1905, informing that the work of widening the bund of the Hirekathur Dodkere tank to ten feet will be done at a cost of Rs. 486 and paid for out of Provincial Funds only on condition that the raiyats execute a mutchalika that they will maintain the bund, which will soon be otherwise ruined by the cart traffic or if the proper maintenance of the bund to this standard by the raiyats under the maintenance rules is guaranteed.

*Resolution.*—Recorded.

VI. Read Tarikere Taluk Amildar's report No. 286, forwarding the proposal of the Tarikere Taluk Board to open out a road from Bukkambudi to Channagiri owing to heavy traffic.

*Resolution.*—The Board is unable to provide funds at present.

VII. Read Tarikere Taluk Amildar's report No. 159, dated 20th December 1905, forwarding the proposal of the Tarikere Taluk Board to increase the contingent allotment of the Hindu Vaidyasala from Rs. 9 to Rs. 15. Also the resolution of the Tarikere Municipal Board, agreeing to pay its quota of the extra contribution towards the proposed increase.

*Resolution.*—The Board is glad to learn that the institution has become very popular and is therefore prepared to contribute its quota, *viz.*, Rs. (20-9-1) from the ensuing year.

VIII. Read Chikmagalur Taluk Amildar's report No. 138, dated the 26th December 1905, forwarding the proposal of the Chikmagalur Taluk Board, requesting the establishment of a cattle pound at Mavinhalli in the Vastara hobli, as the one at Neradi is far away from the place, and that the one at Halsmane has been lately abolished.

*Resolved* that a cattle pound be established at Mavinhalli as recommended by the Taluk Board.

IX. Read Senior Surgeon's docket No. 3716, dated 3rd—4th January 1906, agreeing that a new building for locating the Dispensary at Tarikere would be the best and that the residence for the Hospital Assistant and another for the midwife should be erected at the same time as the Dispensary. XI. Read Executive Engineer's docket No. 14, dated 16th January 1906, forwarding revised statements of amounts required for the repairs of several Dispensary buildings in the district, the amount required to be contributed from District Funds being Rs. 2,784.

*Resolved* that as a sum of Rs. 663 has been provided in the ensuing year's budget to meet the cost of flooring Dispensaries, the amount required for repairing the Dispensaries cannot be sanctioned for want of funds.

XII. Read Kadur Division Executive Engineer's docket No. 377, dated 28th—31st December 1905, forwarding the budget estimates of works to be executed by the Public Works Department during the ensuing year 1906-07. Read also the list of estimates for works proposed by the several Taluk Boards to be executed during the ensuing year

*Resolution.*—The Board allots only a sum of Rs. 80,994 for works by the Public Works Department and Rs. 3,334 for those of Civil Department as per details given in the budget statements, and regret that they have to defer several of the important and urgent works for want of funds. In order to remedy this state of things the Board unanimously resolved to approach Government to kindly sanction the transfer of 68½ miles of the following roads costing Rs. 6,090 to Provincial Funds and thus enable the Board to provide for important and urgent works of sanitation and well works, which are badly required in the several taluks of the district.

| | | Rs. |

Read Chief Engineer's letter No. 68, dated 5th January 1906, informing that as there is no money available under "Original Communications," the work of constructing a native kitchen to the travellers' bungalow at Sampigekan will be ordered to be undertaken next year, unless it is found that funds are available under that head after receipt of all the re-appropriation statements which are now due, in which case the Superintending Engineer will be requested to sanction an estimate for the work. Read also docket No. 24, dated 25th January 1906, from the Executive Engineer, Kadur Division, forwarding an estimate for Rs. 1,120 for countersignature.

*Resolution.*—The estimate may be countersigned and returned and the Chief Engineer requested to sanction the construction of stables along with this work.

XIV. Read Executive Engineer's docket No. 20, dated 20th—22nd January 1906, forwarding an estimate for Rs. 3,280 for executing special repairs to Koppa-Badagi road.

*Resolution.*—The Board resolved that funds are not available for allotment for this work.

XV. Read reports from the Amildars forwarding for the approval of the Board estimates for putting up two black boards at Rs. 10-11-0 each to the musafirkhanas at Birur and Kadur and notice boards to the third class travellers' bungalows at Hariharpur, Narve and Sringeri at Rs. 1-2-0 each.

XVII. Read yadi No. 7, dated 9th July 1905, from the Divisional Assistant Commissioner, recommending the opening of a ferry at Madaba in the Yedahalli Sub-Taluk. Read also docket No. 48, dated 14th February 1906, from the Executive Engineer, Kadur Division, stating the private doni at the Tunga crossing at Madaba near Konakere in the Yedahalli Sub-Taluk is used only by a private raiyat who lives on the other side of the river and that it is not important or remunerative to be taken any notice of by the District Board.

*Resolution.*—As remarked by the Executive Engineer, there is no necessity for maintaining the doni at Government cost.

XVIII. Read Government Order No. 7027-35—L. B. (275-05)-2, dated 6th January 1906, requesting to obtain and forward the resolution of the District Board in the matter of paying rewards to patels for keeping their villages clean and tidy.

*Resolution.*—The Board is of opinion that it is not desirable to award any prizes, as most of the patels of this district are well to do persons and are not likely to care for the competition to obtain prizes in the shape of small sums.

XIX. Read Secretary's Official Memorandum No. 7852—Ml (377-05)-2, dated 16th January 1906, forwarding for disposal the petition of K. Tirumalachar praying for the grant of scholarship to study in the Karnataka Vaidyasala in Mysore.

*Resolution.*—The Board resolved to sell the ferries once in three years.

XXII. Messrs. Srinivasa Rao and Watson brought to the notice of the Board that some of the estate roads now maintained from District Funds are purely used by the planters alone and the local cess paid by them is quite out of proportion to the amount spent from District Funds on account of their roads, and suggested the investigation of the matter with a view to decide which of the roads are used by the public and have therefore to be maintained from District Funds.

*Resolution.*—The Board being of opinion that the matter is one deserving of consideration, appointed a sub-committee consisting of—

1. The Executive Engineer,
2. The Divisional Assistant Commissioner,
3. The District Medical Officer,
4. Mr. Watson,
5. Mr. C. Srinivasa Rao,

for the submission of a report after enquiry.

The sale will commence at 11 A.M. on the dates specified, and the village will be knocked down to the highest bidder without reserve.

7. Purchaser having completed the payment of the purchase money will, as soon as the sale has been confirmed, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. *N. B.*—Steps are being taken in the matter of appointing successors to the deceased members.

I. Read the details of accounts of receipts and expenditure for the months of October November and December 1905.

Recorded.

II. Read Government Order No. 9079-86—L. B. 315-05-2, dated 5th March 1906, requesting the Board's opinion as regards the proposal of the Vice-President of the Mysore District Board to exempt the carts of the agriculturists from the payment of tolls.

The Board are of opinion that it might be inconvenient to make that exemption. To distinguish the carts of agriculturists some permanent mark would have to be put upon them and if an agriculturist chooses to sell such a cart, the purchaser, though no agriculturist, could sail under the color of one. Frequent loans of such carts might help to defraud the tolls to the mutual advantage of the owner and barrower. A certificate of exemption in lieu of the mark on the cart would not improve matters as the certificates too can be loaned. The particular reasons that induced the recommendation of the Mysore District Board are not apparent from the Government Order under reply.

III. Read Government Order No. 9839-43—L. B. 81-05-6, dated 23rd March 1906, calling for the opinion of the President and that of the Board in the matter of introducing the rules proposed by the President of the District Board, Mysore, for exempting the agriculturists from payment of tolls and for regulating the traffic on the Mysore-Manantoddy road in the Heggaddevankote Taluk.

*Resolution.*—The Board are of opinion that the proposed rule regarding a composition fee may be adopted. With regard to the carts of persons whose primary occupation is agriculture, the opinion given in reference to the order of 5th March above, applies here also. Undersigned agrees with the Board and would add with reference to the carts of agriculturists that it is a vexed question at every jamabandi, involving assertions by the village officials and denials by the cart-owners as to whether the cart was primarily used for agriculture or for trade. Every case involves a reference to the land possessed by each objecting individual in order to judge from its extent whether the cart could be considered to be used more for agriculture or more for trading. In undersigned's opinion the exemption from the cart tax is sufficient concession. To furnish a list of agriculturists to the toll-gate keeper may not suffice for reasons given to the other Government Order. It is not possible for him to remember the faces of all the agriculturists and be able to identify them; and even if that becomes possible, there will be trouble when a relation or servant tries to take the cart through the gate.

IV. Read Secretary's docket No. 10230—L. B. 387-05-2, dated 2nd April 1906, requesting that the matter of the transfer of Hutridurga Sante to Nittur in Kunigal Taluk may be placed before the Taluk and District Boards and that copies of their resolution may be submitted; and Kunigal Amildar's report No. 622, dated 25th April 1906, submitting the resolution of the Taluk Board on the subject.

*Resolution.*—As the more important points have not been considered, the subject will be remitted to the Taluk Board for reconsideration. It is observed that the Amildar was not able to preside at the meeting.

V. Read Secretary's docket No. 10414—L. B. 432-05-1, dated 16th April 1906, forwarding for consideration of the Board, D. R. A. subject in the matter of providing accommodation for sick persons by constructing a ward at Maddagiri and the reply of Government thereto; and letter No. 304, dated 13th September 1905, from the District Medical Officer, Tumkur District, with reference to the same subject stating that there is an in-patient ward attached to the dispensary at Maddagiri and it is not much used by the public and that additional accommodation is useless and unnecessary.

*Resolution.*—The existing ward is not used as much as it should be and no additional accommodation is necessary.

VI. Read Secretary's docket No. 10415—L. B. 433-05-1, dated 16th April 1906, forwarding for necessary action the D. R. A. subject representing that a road from Maddagiri to Hindupur may be laid out, that a musafirkhana at Kodigenhalli may be constructed and that, if,

necessary, a toll may be levied on carts to meet the cost required for laying out the road and the reply of Government thereto.

*Resolution.*—The first two questions were considered at the meetings of the 7th August 1905 and 8th February 1906, and the Board's resolution was recorded by Government in Order Nos. 2256-6—L. B. 13-05-3 and 2341-3—L. B. 19-05-2, dated 31st August 1905 and 5th September 1905, respectively. As there is no intention now of converting the cart-track into a regular road it is premature to consider the question of establishing tolls.

VII. Read Secretary's docket No. 10416—L. B. 420-05-1, dated 12th April 1906, forwarding for necessary action D. R. A. subject in the matter of opening a road from Halkur to Honnavalli and the reply of Government thereto.

VIII. Read Secretary's docket No. 10417—L. B. 419-05-1, dated 12th April 1906, forwarding for information D. R. A. subject *in re* opening a Local Fund Dispensary at Kodigenahalli and the reply of Government thereto.

*Resolution.*—The Taluk Board will be asked to consider and give their opinion as to whether Kodigenahalli admits of a periodical visit by the Hospital Assistant and if there is a suitable building there where he can examine patients and prescribe.

IX. Read Secretary's docket No. 10520-7—L. B. 422-05-1, dated 11th April 1906, forwarding for information D. R. A. subject *in re* the increase of salaries of the officials of the District Board President's Office establishment, etc., and reply of Government thereto.

*Resolution.*—Recorded.

X. Read Secretary's docket No. 10346—L. B. 425-05-1, dated 6—14th April 1906, forwarding for needful action D. R. A. subject regarding the formation of a road from Amruthur to Huliyurdurga and the reply of Government thereto.

*Resolution.*- The Board invite attention to their resolution at the meeting of the 3rd November 1905, forwarded with docket No. 483, dated 13th November 1905.

XI. Read Secretary's docket No. 10350—L. B. 428-05-1, dated 6—14th April 1906, forwarding for information D. R. A. subject stating that parapet walls may be put up along the edges of the bund of the Nonavinkere tank and the reply of Government thereto.

*Resolution.*—The Executive Engineer is of opinion that the cost would be high. Whenever possible the bund is being widened.

XII. Read Government Order No. 10880—L. B. 378-05-1, dated 23rd April 1906, sanctioning a contribution of Rs. 15,000 from the Local Funds General for sinking drinking water wells in the district.

*Resolution.*—The Board tender their thanks to Government for their solicitude in providing drinking water over the district.

XIII. Read Government Order No. 32234-2—L. B. 4-04-16, dated 25th September 1905, sanctioning Rs. 8,100 to be allotted as permanent advances to the District Boards for distribution among the taluks as the District Board deems fit.

*Resolved* that the sum of Rs. 1,160 allotted to this district may be distributed at Rs. 50 to each Union and Rs. 75 to each Taluk Board and Rs. 10 to the President's office.

XV. Read and approved of the list of furniture worth Rs. 355-4-0 to be supplied to the 3rd class travellers' bungalows in the district.

XVI. Read and approved of the enclosed list of estimates for works received from the Executive Engineer, Tumkur Division.

XVII. Read Kunigal Taluk Amildar's report No. 540, dated 16th March 1906, proposing that a Sante may be ordered to be held at Huliyurdurga.

*Resolution.*—A large Sante is being held at the village of Nidasale which is four miles from Huliyurdurga and no Sante need be held in Huliyurdurga.

XVIII. Read yadi No. 689, dated 7th April 1906, from the Assistant Commissioner in charge of the Gubbi group of taluks, forwarding Tiptur Taluk Amildar's report submitting the recommendation of the Taluk Board to appoint a Native Doctor at Honnavalli to afford medical aid to the people of Honnavalli hobli, etc.

No. 5.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays, when such matter can without inconvenience be held over for the next week's Gazette.

No. 9.—Spare copies of notifications, etc., are often asked for long after their publication when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

*Non-official Members.*

1. Dr. J. D. O'Donnell, Acting Chief Medical Officer.
2. R. H. P. Bullen, Esq., Superintendent, Ooregum Co. (on leave).

*Resolved* unanimously, in view of the enormous expansion of the Board's revenue and work and the costliness of the locality, that the Government be again requested to reconsider their order, and to accord sanction to the small increase of salaries to the existing clerks as per appended proposition statement.

6. Resolved that the kind of type-writer to be purchased for the use of the Sanitary Board, be a "Smith Premier."

7. Resolved that a sum of Rs. 300 be sanctioned as grant-in-aid towards the Ooregum village school, to which the villagers have made voluntary subscriptions of over Rs. 400 and towards which the Educational Department have kindly assisted by a grant of Rs 150.

*Resolved* that the Board do not consider it fair that they should by this arrangement be made to bear the cost of plague work on the Field, an expense from which last year they were specifically exempted.

The alteration of the title from that of Plague Hospital to Infectious Disease Hospital, does not alter the fact, that there will be wards and observation sheds, with a nursing and ward establishment, totally apart from the wards and establishment maintained for other infectious diseases.

The Board are prepared to continue to bear the cost of these, but urge that they are not in a position to also adequately undertake this cost of Plague Administration in their area.

9. Resolved that Government be requested to sanction the retention of the existing Avenue establishment now maintained at a monthly cost of Rs. 84 for a further period of five years.

10. Resolved that Government sanction be obtained for the permanent maintenance of the present temporary four ward boys for Infectious Disease ward.

## TREASURY ACCOUNT.

ANNUAL RETURNS OF ESTABLISHMENTS FOR 1ST JULY 1906.

*Circular No. T. A. 1096—194, dated 14—18th August 1906.*

1. The Comptroller has the honor to request that the Public Officers named below will be so good as to furnish this office with their Annual Returns of fixed establishments for the 1st July 1906, prepared in accordance with the instructions laid down in pages 25, 26 and 27 (Chapter 5), Volume 1 of the Sixth Edition of the Civil Account Code, *so as to reach this office not later than the 15th August* 1906.

2. The returns should be prepared on *no other* than the prescribed *printed* form to be had from the Superintendent of Stationery, and will show accurately the establishment as it exists on 1st July; and in preparing it, the following instructions should be carefully attended to:—

(*a*) The name, designation, and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown, with the exception of those exempted from keeping service books by Article 431 of the Mysore Service Regulations.

(*b*) The date of birth, year, month and day of the appointment and of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government Orders creating the post, should be clearly entered in the appropriate columns of the statement, the date of birth by Christian era should be given, and if the exact date is not known, the approximate date or year should be stated. This date can only be altered under the orders of the Local Government, except in the case of a clerical error. It should be noted that the column "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(*c*) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not; and if a post be vacant, the word *vacant* should be set against it in the column of "*Name of Incumbent.*"

(*d*) The names of *gazetted officers should be entered first*, and beneath them those of the clerks and servants in order of sections of the establishment: *there should be a separate total for each section*, besides the grand total.

(*e*) The columns of *Minimum* and *Maximum* pay of post should be filled up *only* when the pay is progressive, *i.e.*, rises from a minimum to a maximum by annual increment; and if any annual increment is given with effect from 1st July, it should be included in the return, and compared with the certificate (in Form No. 8) required by Article 62, which would accompany the July bill.

(*f*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of Incumbent*" beneath the name of the absentee for whom he is officiating.

(*g*) If the acting incumbent holds his permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(*h*) If any person on the establishment has attained the age of fifty-five years, the number and date of the orders of Government or other competent authority permitting his retention in the service, should be quoted in a note at foot of the return, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(*i*) A detailed statement in Form 4 should be given at back of the original return, Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the

previous year.. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 269 of the Mysore Service Regulations)..

(j) Separate returns on the same printed forms should be prepared for each permanent establishment existing on 1st July paid from *Local Funds*, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statements should be carefully checked with the service books, save in the cases excepted in clause (a) as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

## TREASURY ACCOUNT.

ANNUAL RETURNS OF ESTABLISHMENTS FOR 1ST JULY 1906.

*Circular No. T. A.* 1096—194, *dated* 14—18*th August* 1906.

1. The Comptroller has the honor to request that the Public Officers named below will be so good as to furnish this office with their Annual Returns of fixed establishments for the 1st July 1906, prepared in accordance with the instructions laid down in pages 25, 26 and 27 (Chapter 5), Volume 1 of the Sixth Edition of the Civil Account Code, *so as to reach this office not later than the* 15*th August* 1906.

2. The returns should be prepared on *no other* than the prescribed *printed* form to be had from the Superintendent of Stationery, and will show accurately the establishment as it exists on 1st July; and in preparing it, the following instructions should be carefully attended to:—

(a) The name, designation, and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown, with the exception of those exempted from keeping service books by Article 431 of the Mysore Service Regulations.

(b) The date of birth, year, month and day of the appointment and of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government Orders creating the post, should be clearly entered in the appropriate columns of the statement, the date of birth by Christian era should be given, and if the exact date is not known, the approximate date or year should be stated. This date can only be altered under the orders of the Local Government, except in the case of a clerical error. It should be noted that the column "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(c) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not; and if a post be vacant, the word *vacant* should be set against it in the column of "*Name of Incumbent.*"

(d) The names of *gazetted officers should be entered first*, and beneath them those of the clerks and servants in order of sections of the establishment: *there should be a separate total for each section*, besides the grand total.

(e) The columns of *Minimum* and *Maximum* pay of post should be filled up *only* when the pay is progressive, *i.e.*, rises from a minimum to a maximum by annual increment; and if any annual increment is given with effect from 1st July, it should be included in the return, and compared with the certificate (in Form No. 8) required by Article 62, which would accompany the July bill.

(f) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of Incumbent*" beneath the name of the absentee for whom he is officiating.

(g) If the acting incumbent holds his permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(h) If any person on the establishment has attained the age of fifty-five years, the number and date of the orders of Government or other competent authority permitting his retention in the service, should be quoted in a note at foot of the return, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(i) A detailed statement in Form 4 should be given at back of the original return, Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the

630

previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 269 of the Mysore Service Regulations).

(j) Separate returns on the same printed forms should be prepared for each permanent establishment existing on 1st July paid from *Local Funds*, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, save in the cases excepted in clause (a) as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

6. Pay bills due 1st November will not be discharged at the Treasuries unless accompanied by a certificate as follows:—

## MISCELLANEOUS.

### OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

*Circular No.* 2015-24, *dated Bangalore, 27th August* 1906.

In their Proceedings No. R. 16127-65—L. R. 674-05-5, dated 21st June 1905, Government have noticed that, in the case of Mr. D. Subba Rao, Amildar, who was recently retired from the service his service Register was not properly maintained and that entries regarding his date of birth in the annual schedules of establishments were neither consistent with one another nor in accordance with the Service Register. In this case it is clear that the diverse and inaccurate entries made in the said returns could have been avoided if they had been compared with the Service Register and duly checked in the manner prescribed by Article 55 of the Civil Account Code (Volume I, 6th Edition). The undersigned is therefore led to fear that the provisions of Chapter XXIV of the Mysore Service Regulations regarding the maintenance and verification of Service Books for non-Gazetted officers and the detailed instructions laid down in Article 55 of the Account Code for the preparation of the Annual returns of establishments are not being observed with due care and attention. With a view to these instructions being fully carried out in future, the attention of all heads of offices in the Revenue Department is drawn to Government Order No. 13911-50—P. & A. 1216, dated 18th March 1903, and the Comptroller's Circular No. 2019—P. & A. 989, dated 20th June 1903 (published at pages 742-3 of Part II of the *Mysore Gazette*, Vol. XXXVII) regarding the posting up and verification of Service Registers and the annual circulars of the Comptroller about the annual returns of establishments.

## FINANCIAL DEPARTMENT.

### TREASURY ACCOUNT.

ANNUAL RETURNS OF ESTABLISHMENTS FOR 1ST JULY 1906.

*Circular No. T. A.* 1096—134, *dated* 14—18*th August* 1906.

1. The Comptroller has the honor to request that the Public Officers named below will be so good as to furnish this office with their Annual Returns of fixed establishments for the 1st July 1906, prepared in accordance with the instructions laid down in pages 25, 26 and 27 (Chapter 5), Volume 1 of the Sixth Edition of the Civil Account Code, *so as to reach this office not later than the* 15*th August* 1906.

2. The returns should be prepared on *no other* than the prescribed *printed* form to be had from the Superintendent of Stationery, and will show accurately the establishment as it exists on 1st July; and in preparing it, the following instructions should be carefully attended to:—

(*a*) The name, designation, and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown, with the exception of those exempted from keeping service books by Article 481 of the Mysore Service Regulations.

(b) The date of birth, year, month and day of the appointment and of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government Orders creating the post, should be clearly entered in the appropriate columns of the statement, the date of birth by Christian era should be given, and if the exact date is not known, the approximate date or year should be stated. This date can only be altered under the orders of the Local Government, except in the case of a clerical error. It should be noted that the column "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(c) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not; and if a post be vacant, the word *vacant* should be set against it in the column of "*Name of Incumbent.*"

(d) The names of *gazetted officers should be entered first*, and beneath them those of the clerks and servants in order of sections of the establishment: *there should be a separate total for each section*, besides the grand total.

(e) The columns of *Minimum* and *Maximum* pay of post should be filled up *only* when the pay is progressive, *i.e.*, rises from a minimum to a maximum by annual increment; and if any annual increment is given with effect from 1st July, it should be included in the return, and compared with the certificate (in Form No. 8) required by Article 62, which would accompany the July bill.

(f) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of Incumbent*" beneath the name of the absentee for whom he is officiating.

(g) If the acting incumbent holds his permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(h) If any person on the establishment has attained the age of fifty-five years, the number and date of the orders of Government or other competent authority permitting his retention in the service, should be quoted in a note at foot of the return, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(i) A detailed statement in Form 4 should be given at back of the original return, Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 269 of the Mysore Service Regulations).

(j) Separate returns on the same printed forms should be prepared for each permanent establishment existing on 1st July paid from *Local Funds*, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, save in the cases excepted in clause (a) as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

6. Pay bills due 1st November will not be discharged at the Treasuries unless accompanied by a certificate as follows:—

## MISCELLANEOUS.

### OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

*Circular No. 2015-24, dated Bangalore, 27th August* 1906.

In their Proceedings No. R. 16127-65—L. R. 674-05-5, dated 21st June 1905, Government have noticed that, in the case of Mr. D. Subba Rao, Amildar, who was recently retired from the service his service Register was not properly maintained and that entries regarding his date of birth in the annual schedules of establishments were neither consistent with one another nor in accordance with the Service Register. In this case it is clear that the diverse and inaccurate entries made in the said returns could have been avoided if they had been compared with the Service Register and duly checked in the manner prescribed by Article 55 of the Civil Account Code (Volume I, 6th Edition). The undersigned is therefore led to fear that the provisions of Chapter XXIV of the Mysore Service Regulations regarding the maintenance and verification of Service Books for non-Gazetted officers and the detailed instructions laid down in Article 55 of the Account Code for the preparation of the Annual returns of establishments are not being observed with due care and attention. With a view to these instructions being fully carried out in future, the attention of all heads of offices in the Revenue Department is drawn to Government Order No. 13911-50—P. & A. 1216, dated 18th March 1903, and the Comptroller's Circular No. 2019—P. & A. 989, dated 20th June 1903, (published at pages 742-3 of Part II of the *Mysore Gazette*, Vol. XXXVII) regarding the posting up and verification of Service Registers and the annual circulars of the Comptroller about the annual returns of establishments.

(2) Government Order No. 12295-307—L. B. (875-05)-2 of the 29th May 1906, sanctioning the District Fund Budget Estimates of the Mysore District for the year 1906-07.

(3) Government Order No. 393-403—L. B. (494-05)-2 of the 15th July 1906, issuing instructions re the sanctioning of the appropriation of funds from one head to another under the same major head of the District Fund budget.

II. Read Government Order No. 12236-49—San. (200-05)-2 of the 28th May 1906, passing orders on the notes of the sanitary inspection of the Shimoga District by Mr. Palpu, Personal Assistant to the Sanitary Commissioner.

*Resolution.*—Recorded with the observation that Kanarese copies of the same be applied for if available for distribution among the District Fund Board Members.

III. Read Government docket No. 10348—L. B. (426-05)-1 of the 6th April 1906, calling for the Board's opinion regarding the construction of bridges on some "hallas" in the Seringapatam-Sivasamudram road.

*Resolution.*—The Executive Engineer having roughly estimated the cost of work at about Rs. 40,000, the Board does not see its way to undertake any of these works in its present state of finances nor does the Board see any urgent necessity therefor.

IV. Read Government docket No. 11682-5—L. B. (294-05)-10 of the 10th May 1906, calling for the Board's views in the matter levying fees on the notice of demand for taxes, issued in Village Unions.

*Resolution.*—The Board approves of the proposal made in the late President's letter No. 664 of the 28th December 1905, addressed to Government, *viz.*, that a fee of one anna be levied upon each notice of demand issued in the Village Unions.

V. Read Government docket No. 13092—L. B. (481-05)-2 of the 26th June 1906, requesting to be informed how the cost of removal of dampness from the Manchanahalli village in the Periyapatna Taluk, will be met.

*Resolution.*—The Board agrees to bear only the cost of digging the trench around the village estimated to cost Rs. 630, and prays Government that the contribution amount paid by the holders of wet lands, which will now be permanently converted into dry, be refunded from the State Funds, as the amount of contribution was credited to the latter and not to District Funds.

VI. Read Government Order No. 12792-4—Med. (260-05)-4 of the 14th June 1906, requesting to be informed whether the District Board is willing to bear one-half (Rs. 423) of the charge of constructing a compound wall for the dispensary at Mandya.

*Resolution.*—The present financial condition of the Board does not permit of a work of this nature being undertaken by them.

VII. Read Government docket No. 41—L. B. (429-05)-3 of the 4th July 1906, desiring to know whether the District Board would bear half the cost of a Native Vaidyasala proposed to be opened at Talkad in the T.-Narsipur Taluk.

*Resolution.*—Adjourned to the next meeting pending receipt of further information upon this point.

VIII. Read correspondence ending with the Mysore Division Executive Engineer's docket No. 549 of the 10th May 1906, forwarding an estimate amounting to Rs. 1,995 for constructing a tunnel of six vents across a "halla" on the Balamuri-Balagola road.

*Resolution.*—The cost of the present estimate being prohibitive, the Executive Engineer may be requested to prepare an alternative estimate for a road dam or an Irish drain.

IX. Read docket No. 202 of the 20th July 1906, from the President of the Hassan District Board, requesting to be informed whether the Mysore District Board is willing to share the cost of constructing a bridge across a "halla" running into the Cauvery River near Karalapura in the Arkalgud Taluk, which is roughly estimated at Rs. 10,000.

*Resolution.*—The Board consents to contribute not more than a third of the cost as at present estimated.

X. Read Hunsur Group Assistant Commissioner's Yadi No. 92 of the 16th May 1906, requesting sanction to hold a "shandy" at Kandalike in the Heggaddevankote Taluk.

*Resolution.*—The Board approves of the proposal.

XI. Read T.-Narsipur Taluk Amildar's report No. 532 of the 20th May 1906, forwarding a copy of Taluk Board's proceedings, recommending that the pay of the sweeper of the Talkad lodge may be raised from Rs. 5 to Rs. 6 per mensem.

*Resolution.*—The increase of pay recommended may be given.

XII. Read T.-Narsipur Taluk Amildar's reports Nos. 10, 11 and 12 of the 18th July 1906, forwarding three estimates aggregating Rs. 611 for filling up three cesspools at T.-Narsipur, and soliciting a grant of funds from the District Funds, as the Local Municipality is too poor to undertake this work which is urgently called for in the interests of the sanitation of the town. And the President's order, dated 26th July 1906, to the Taluk Amildar, sanctioning two of the above three estimates, at a cost of Rs. 162, in anticipation of the Board's approval.

*Resolution.*—The President having explained how the three cesspools have rendered the place highly insanitary, and how urgent it was to accord sanction to a portion of the grant in order to afford some relief to the agricultural classes of the neighbouring villages in distress, the Board approves the President's action and consents also to sanction the third estimate from its (Board's Funds) the work being undertaken or not at the discretion of the President.

XIII. Read Chamrajnagar Taluk Amildar's report No. 12 of the 16th July 1906, forwarding for sanction an estimate amounting to Rs. 300 for repairing the drinking water katte at Mukahalli, and stating that the cost may be debited to the sum of Rs. 1,000 allotted to his Taluk Board for well works during the current year.

*Resolution.*—The Board sanctions the estimate, debiting its cost as suggested.

XIV. Read correspondence ending with President's order dated the 26th July 1906, to the Amildar of the Nanjangud Taluk, sanctioning an estimate for Rs. 499 for constructing a "Katte" at Hadatale, and ordering the appropriation of funds out of Rs. 500 sanctioned in the current year's District Fund budget for revetting sides of the Gundal River at the place which work is deferred for the present.

*Resolution.*—The President having explained that the work had to be sanctioned in anticipation not only to afford drinking water to the people, but to give some relief to a large number of suffering agriculturists of Hadatale itself and surrounding villages, the Board approves the action taken.

XV. Read Malvalli Taluk Amildar's report No. 51 of the 24th July 1906, forwarding as desired in the Board's resolution dated the 12th May 1906, an estimate amounting to Rs. 33 for draining the water from the pool near the dispensary building at Malvalli.

*Resolution.*—The Board agrees to contribute not more than a third of the cost for filling it up as is the rule in the case of repairs and construction of dispensary buildings.

XVI. Read petition registered No. 465 of the 9th June 1906, from the Hakim Mahomed Gouse of Mandi Mohalla in the Mysore City, praying for an increase to the allowance of Rs. 15 per mensem, which he is now getting from the District and Municipal Funds.

*Resolution.*—The Board rejects his prayer.

XVII. Read following proposals of Mr. Madappa, member:—

(1) Extending the Mysore-Bogadi road up to Gurupur or Bhimanahalli Police Station on the Hunsur-Heggaddevankote road.

(2) Railing the Mysore-Bogadi road near the old Race-course ground.

(3) Railing the Mysore-Yelwal road near Yelwal Katte.

(4) Railing the Yelwal-Yedatore road on a channel near Lakshmanatirtha Katte.

*Resolution.*—The Board wishes to call for estimates for all the above works; but in the case of No. (1), the extension of the road may, for the present, be limited to Jattihundi in the Mysore Taluk.

XVIII. Read the list of incomplete works of previous years undertaken by the Revenue Department.

*Resolution.*—The Board wants that the construction of a cart-stand at Nanjangud may be put off and the provision made therefor be utilized for other more important and useful works to be decided at the next meeting and that appropriation of funds for the remaining works amounting to Rs. 31,380 may be made in the current year. The Board also accepts the explanation of the Amildars for the large lapse of grants, which was owing to the failure or want of rains in the proper season.

XIX. The list of works costing less than Rs. 500, sanctioned by the President from the 12th May to 30th June 1906, was read to and approved by the Board.

XX. Read President's proposal to raise the 3rd class travellers' bungalow at Begur in Gundlupet Taluk to 2nd class by drawing one servant from each of the 2nd class bungalows Bandipur and Maddur in the same taluk.

*Resolution.*—The Board approves of the President's proposal.

XXI. Read Assistant Commissioner Mr. K. Srinivasa Rao's letter No. 1220 of the 30th June 1906, submitting a detailed report regarding the satisfactorily working of the Abyssinian or tube-wells.

XXIV. Resolved that the next meeting of the Board be fixed for Saturday the 10th November 1906.

## MISCELLANEOUS.

### OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

*Circular No.* 2015-24, *dated Bangalore, 27th August* 1906.

In their Proceedings No. R. 16127-65—L. R. 674-05-5, dated 21st June 1905, Government have noticed that, in the case of Mr. D. Subba Rao, Amildar, who was recently retired from the service his service Register was not properly maintained and that entries regarding his date of birth in the annual schedules of establishments were neither consistent with one another nor in accordance with the Service Register. In this case it is clear that the diverse and inaccurate entries made in the said returns could have been avoided if they had been compared with the Service Register and duly checked in the manner prescribed by Article 55 of the Civil Account Code (Volume I, 6th Edition). The undersigned is therefore led to fear that the provisions of Chapter XXIV of the Mysore Service Regulations regarding the maintenance and verification of Service Books for non-Gazetted officers and the detailed instructions laid down in Article 55 of the Account Code for the preparation of the Annual returns of establishments are not being observed with due care and attention. With a view to these instructions being fully carried out in future, the attention of all heads of offices in the Revenue Department is drawn to Government Order No. 13911-50—P. & A. 1216, dated 18th March 1903, and the Comptroller's Circular No. 2019—P. & A. 989, dated 20th June 1903, (published at pages 742-3 of Part II of the *Mysore Gazette*, Vol. XXXVII) regarding the posting up and verification of Service Registers and the annual circulars of the Comptroller about the annual returns of establishments.

No. 1.—The *Mysore Gazette* is published at Bangalore every Thursday. Application for the supply of the Gazette on *Public Service* should be addressed to the Secretary to the Government of Mysore, General and Revenue Department. Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges are payable *in advance.*

No. 2.—It is hereby notified that, as Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts, and other private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders will be received by the undersigned except from outside the Province.

No. 3.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 4.—Communications on post-cards or on paper less than half a sheet of foolscap will not receive attention.

No. 5.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays, when such matter can without inconvenience be held over for the next week's Gazette.

No. 9.—Spare copies of notifications, etc., are often asked for long after their publication when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

H. RAMAIYA,
*Assistant Secretary,*
*In charge of Mysore Gazette Office.*

*Resolution.*—Resolved that the Board, being of opinion for reasons represented, that the toll rates of Rs. 2 and 1 for four-wheeled and two-wheeled carriages, respectively, appear too high and that a reference be made to Government for reduction of these two rates to eight annas and four annas, respectively, with provision for levying only half of those rates, when such carriages are unladen. since such lower rates only are levied at the Hole-Narsipur and Belur bridges toll-gates.

*Resolution.*—Resolved that the Board fully recognise the real necessity for increasing the dieting charges at the Saklespur Dispensary to Rs. 10 per mensem and that it be suggested to the Senior Surgeon that the extra cost be met from the savings annually accruing under this head owing to a circular order, which, it is believed, directs that the monthly expenditure at each other dispensary should be restricted to Rs. 3 instead of Rs. 5 per mensem, except in very urgent cases.

*Resolution.*—Resolved that as there is no provision in this year's District Fund Budget to provide the District Fund quota of Rs. 1,035, the records may be returned to the Amildar for encouraging a higher offer from Ramasami Chetty and other well-to-do persons of Arkalgud.

XXIII. (1) Read the list of District Fund incomplete works under (A) Public Works for the year 1905-06.

*Resolution.*—Resolved that as there is already a sante at Bagur, the necessity for another sante so close as at Kundur (*viz.*, only three miles distant), is not made out, and as there are no houses, or, other buildings at Chamarajendrapura (which is only two miles from Bagur), it does not appear necessary to have a sante there.

Hence the estimate has to be returned for reduction to that amount.

*Resolution.*—Recorded.

2. Read General and Revenue Secretary's docket No. 10720-1—L. B. 439-05-1, dated 17th April 1906, calling for opinion regarding the constitution of villages consisting of more than 300 houses or 1,000 people, into Unions.

*Resolution.*—The Board are of opinion that as a general rule, the principle that villages consisting of more than 1,000 people or 300 houses should be formed into Unions may be adopted. Important villages on the road side and in the malnad though not coming up to the above standard may be treated as special cases.

3. Read Government Proceedings No. 12834-5—Med. 283-05-2, dated 16th June 1906, regarding the construction of a Dispensary building at Kumsi.

*Resolved* that the growing importance of Kumsi on account of Manganese industry carried on in its neighbourhood requires that Dispensary building should be constructed there at once. The Dispensary is at present located in a room in the Sub-Taluk Cutcherry building and is considered as unsuitable. The cost of the building without quarters for the Hospital Assistant and midwife is estimated at about Rs. 8,500. If the building is undertaken at once, the District Fund quota of the cost may be met out of the closing balance of the District Board or from the provision of Rs. 3,175 that has already been made for a building at Siralkoppa which may wait till next year.

4. Read General and Revenue Secretary's docket No. 13375—San. 495-05-2, dated 30th June 1906, requiring further particulars to be furnished in the matter of holding Cattle Exhibitions at Rampur and Kudli.

*Resolved* (1) That cattle-shows be held in alternate years at Kudli and Rampur as the jatras are held in the month of Magha at Rampur and of Chaitra at Kudli and the distance between the places is only nine miles. The holding of the show at both the places in one and the same year will defeat the object in view as the same cattle that win the prizes at one show are likely to be brought to the other.

(2) The prizes to be awarded are as follows:—

| | Rs. |
|---|---|
| Two prizes of Rs. 25 and 15 for the best draught bullocks .. .. | 40 |
| Do do plough bullocks .. .. | 40 |
| One prize of Rs. 20 for the best cow .. ... ... ... | 20 |
| Do 10 do ... ... ... ... | 10 |
| Do 15 for the best she-buffaloe ... .. .. | 15 |
| Total .. | 125 |

A sum of Rs. 125 only will thus be required for prizes in each year.

(3) That the number of prizes and rates be subject to revision after experience of one or two years.

5. Read General and Revenue Secretary's memo No. 12000—Ml. 570-5-2, dated 23rd May 1906, requesting to be informed if the District Board is prepared to pay half of the Municipal share payable for constructing a compound wall and sinking a well in the compound of the Local Fund Dispensary at Tirthahalli.

*Resolved* that as the District Board have already paid their quota of Rs. 378 for this work, they feel unable to pay anything more on account of Municipal share which they suggest might be borne by Government. The closing balance of the District Funds is less than the minimum prescribed.

6. Read Government Proceedings No. 365-75—San. 225-05-5, dated 14th July 1906, regarding the appointment of Sanitary Inspectors for each of the taluks in the district.

*Resolved* that an Assistant Sanitary Inspector should be appointed for each of the Taluk Boards and that a moiety of their pay and allowance be met from the Municipal Funds as in the case at present with Work Inspectors now employed. Out of the existing Work Inspectors three have beenc onfirmed in their appointments and four are temporary men, while there is a vacancy in the Sorab Taluk. The temporary men will be served with notices and their places will be at once filled up by trained men for whom application will at once be made to the Senior Surgeon and Sanitary Commissioner. The three permanent men are not also qualified and they will be transferred to the Revenue Department as vacancies occur, such vacancies being filled up by passed men.

7. Read this office letter No. 1031—185, dated 11—16th May 1906, to the General and Revenue Secretary, stating that the question of revising the District Board establishment will be discussed at this meeting.

*Resolved* that as the work in the office of the President and in the offices of the Taluk Boards has increased considerably, each Taluk Board should be allowed a gumasta on Rs. 12-1-15 and the Local Boards' establishment at Head-quarters be revised as follows:—

| Staff | Existing | | Proposed | | Annual increment |
|---|---|---|---|---|---|
| | Minimum | Maximum | Minimum | Maximum | |

*Resolved* that dead-houses are necessary at Kumsi and Nagar. The estimate for a dispensary building at Kumsi should provide for the dead-house there as well. The Senior Surgeon will be addressed about the Nagar Dispensary dead-house.

Mr. Bhima Rao and other members are of opinion that until a better building is provided, the Female Dispensary at Shimoga should continue in the Petta as it is very convenient for women and children residing in the town. The removal of the Female Dispensary to the men's hospital does not commend itself to the members. The President who inspected the present building of the Female Dispensary is of opinion that the existing building is not suitable and that a new building should be constructed in a convenient locality with quarters for the Lady Apothecary and conveniences for in-patients.

9. Read Executive Engineer's docket No. 673, dated 6th June 1906, forwarding an estimate amounting to Rs. 1,281 to convert the old Barr Lines at Anavatti in the Sorab Taluk into a musafirkhana.

*Resolution.*—Upon a motion from the Revd. 10. Executive Engineer's docket No. 564, dated 16th May 1906, forwarding a revised estimate for Rs. 3,024 for special repairs to Guddekoppa-Kallurkatte road.

13. Read list of incomplete District Fund works which are to be carried out during the current year and funds to be provided therefor.

## REVENUE COMMISSIONER.

*Circular No.* 2521-8, *dated Bangalore, 4th September* 1906.

1. The question of defining the position and responsibilities of Taluk Sheristadars has for sometime past engaged the attention of the Revenue Commissioner.

2. The duties of the Taluk Sheristadar in matters other than Treasury work not having been clearly defined, neither the Taluk Sheristadar nor the Amildar realises that the former is the chief assistant to the latter in office work and it is becoming more and more difficult to fix the responsibility for delay in the disposal of work and submission of reports and returns in the Taluk Cutcherry. The Revenue Commissioner resolves to issue the following rules under Section 12, Land Revenue Code, and trusts that Deputy Commissioners and Divisional Assistant Commissioners will see that they are properly enforced.

POSITION AND RESPONSIBILITIES OF TALUK SHERISTADARS.

(*a*) Next to the Amildar the chief Revenue officer in the Taluk, is the Taluk Sheristadar. He is primarily responsible for the examination of the village accounts as well as for the correct preparation of taluk Revenue accounts and his work in these respects should be carefully inspected and reviewed by the Assistant Commissioner in charge of the taluk and the Jamabandi Officer.

He is also responsibe for the correct preparation and punctual submission of all periodical returns which have to be submitted to the Deputy and Assistant Commissioners and must see that the several abstracts and registers are properly maintained by the gumastas, the necessary entries being made from time to time with reference to the village accounts.

(*b*) The Taluk record-keeper should work under the direct orders of the Taluk Sheristadar and the latter, subject to the control of the Amildar, will be held responsible for the state of the records.

(*c*) A calendar of reports and returns due from the Amildar to higher officers and showing due dates and the clerks responsible for their preparation, should be prepared on card board by the Taluk Sheristadar and hung up in the rooms of the Amildar and Taluk Sheristadar. It will be the duty of the Taluk Sheristadar to keep this calendar up to date.

(*d*) It is also the Taluk Sheristadar's duty to see that the village returns are received in time and to exercise a general supervision under the Amildar over the Taluk establishment. The duties assigned to the respective officials in the taluk should not be changed by the Amildar without consulting the Sheristadar and obtaining the sanction of the Deputy Commissioner or Assistant Commissioner in charge of the taluk. Papers pending with each member of the taluk establishment should be inspected once a month by the Taluk Sheristadar and all cases of gross delay should be dealt with at once by the Amildar. In the absence of the Amildar on

circuit the Taluk Sheristadar shall be in charge of the office and open the Tappal. He will then be responsible for the efficient discharge of the current work of the office, all routine papers (including routine replies to higher officers, reminders to shekdars, etc.,) being disposed of by himself. The Assistant Commissioner in charge of the taluk should, in consultation with the Amildar define from time to time what classes of papers should be treated as routine papers.

### FINANCIAL DEPARTMENT.

*Circular Memo* 2085—389, *dated Bangalore,* 9—11*th October* 1906.

The Comptroller has the honor to state that the books of this office for 1905-06 will remain open for adjustments and transfers only up to 15th November 1906, and to request that the Deputy Commissioners of Districts and Heads of Departments will be so good as to intimate to this office through the respective District Treasuries all corrections and adjustments which they may have to propose in the Revenue Accounts of that year by the 31st October 1906, after which no applications for corrections or adjustments will be attended to.

*Circular No.* 2086—*T. A. D. Gr.* I. 489, *dated* 15—20*th October* 1906.

*To—All Disbursing Officers.*

Instances have come to notice of undisbursed amounts of pay of establishments which ought to have been refunded to the Treasury by deduction in the next bill, as laid down in Article 63 of the Civil Account Code, Volume I, having been retained in the hands of the drawing officers for months together and of notices published in the *Mysore Gazette* to the effect that should the party fail to appear to receive payment within a specified date, the amount will be refunded to Treasury. The Comptroller has therefore the honor to observe that such a procedure is highly objectionable and is opposed to Article 5 of the Civil Account Code under which claims which have been held in abeyance for periods exactly six months to two years cannot be paid without the sanction of this office and the Government respectively. Undisbursed amounts should, without exception, be refunded by deduction from the next bill and may be redrawn as occasion arises under the rules laid down in Article 65.

### FINANCIAL DEPARTMENT.

*Circular Memo* 2085—389, *dated Bangalore*, 9—11*th October* 1906.

The Comptroller has the honor to state that the books of this office for 1905-06 will remain open for adjustments and transfers only up to 15th November 1906, and to request that the Deputy Commissioners of Districts and Heads of Departments will be so good as to intimate to this office through the respective District Treasuries all corrections and adjustments which they may have to propose in the Revenue Accounts of that year by the 31st October 1906, after which no applications for corrections or adjustments will be attended to.

---

*Circular No.* 2086—*T. A. D. Gr.* I. 489, *dated* 15—20*th October* 1906.

*To—All Disbursing Officers.*

Instances have come to notice of undisbursed amounts of pay of establishments which ought to have been refunded to the Treasury by deduction in the next bill, as laid down in Article 63 of the Civil Account Code, Volume I, having been retained in the hands of the drawing officers for months together and of notices published in the *Mysore Gazette* to the effect that should the party fail to appear to receive payment within a specified date, the amount will be refunded to Treasury. The Comptroller has therefore the honor to observe that such a procedure is highly objectionable and is opposed to Article 5 of the Civil Account Code under which claims which have been held in abeyance for periods exactly six months to two years cannot be paid without the sanction of this office and the Government respectively. Undisbursed amounts should, without exception, be refunded by deduction from the next bill and may be redrawn as occasion arises under the rules laid down in Article 65.

N. G. Basu,
*Comptroller.*

## REVENUE COMMISSIONER.

*Circular Memo No. 3948-56, dated 12th October 1906.*

Under Rule 98 of the Land Revenue Rules, a sale for arrears of revenue is conducted by the shekdar if the estimated value of movable or immovable property does not exceed Rs. 100, but no rules are laid down as to how and by whom the property is to be valued.

Further the forms of proclamation of sale (*vide* Appendix B of the Land Revenue Rules) do not give the estimated value of the property except in the case of buildings, the present practice being to enter the estimated value in the declaration of forfeiture.

2. In the Dasara Representative Assembly Subject No. 70 of 1905, it has been represented that lands forfeited for arrears of revenue are often purposely undervalued by the village officials in order to enable the shekdars to hold the sale. As such undervaluation occasionally takes place leading to fraudulent practices and consequent violation of the sales, the Revenue Commissioner lays down the following procedure in valuing the property proposed to be sold for arrears of revenue :—

"The value of the property about to be sold for revenue arrears should ordinarily be estimated by the shekdar after consulting a panchayat, of which the patel and shanbhog of the village shall form members. The panchayat must be instructed to fix the value of the land with reference to the price fetched by similar land in the neighbourhood. The patel and shanbhog shall be responsible for omission to report any transactions which might to their knowledge have taken place as regards any of the items of property in question. The ordinary practice of valuing the property at just above the arrears or the amount of assessment should be discontinued. The trees, wells, etc., of any value on the property should also be correctly described as far as possible together with their estimated market value."

---

*Circular No. 4167-74—3, dated 26th October 1906.*

Rule 85 of the Land Revenue Rules lays down instructions for the proper inspection and maintenance of boundary marks. That these instructions have not been properly enforced is clear from the facts brought to notice in para 2 of Government Proceedings No. R. 2656-67—L. S. 53-05, dated 30th August 1906, reviewing the annual progress report of the Revenue Survey Department. The rule itself was promulgated after careful consideration and is not difficult of execution.

The Revenue Commissioner is led to infer that the village officers and shekdars who are primarily responsible for the inspection and preservation of boundary marks, have not been kept to their duty and properly punished for their neglect by the higher Revenue officers. He therefore directs that the Deputy Commissioners of Districts should, in their Jamabandi and Revenue Administration Reports, bring to notice the work of each Amildar in this branch and recommend, if necessary, the stoppage of promotion to the Amildars who are slack in the performance of this work. A memo of instructions drawn up for the guidance of subordinate officers in carrying out the provisions of Rule 85, is appended.

---

*Memorandum of instructions re the preservation of boundary marks in Survey numbers, circulated with Circular No. 4167-74, dated 26th October 1906.*

It is essential for the proper safeguard of the rights of holders of Survey numbers that their Survey marks should be properly maintained. The rules on the subject are quite sufficient for the purpose provided they are systematically and intelligently carried out. A few suggestions are here given for the guidance of subordinate Revenue officers to secure the efficient discharge of this most important work.

2. Rule 85 of the Land Revenue Rules (Chapter XIII) provides for a twofold inspection of Survey marks :—(a) the yearly inspection of every Survey number by the village officers [clauses (*a*) and (*c*)] and (*b*) a test inspection to be systematically carried out in a period of four years for every hobli of a taluk by the shekdar and a few taluk officials deputed for the purpose [clauses (*c*), (*d*) and (*e*)]. In both cases provision exists for the checking of this work by higher officers [clauses (*f*) and (*g*)].

3. (*a*) *Yearly inspection by village officers (Pahani).*—

(i) It is highly desirable that the village officers should begin the Pahani as early as possible each year so as to give sufficient time to defaulting raiyats f[illegible] plying deficiencies before their second inspection begins in accordance wit[illegible] (*b*).

(ii) This interval should as far as possible coincide with the period before harvest commences. This will generally be before the south-west monsoon closes. The raiyats will have leisure and the work of repair will be easy. It is very important that the officers should see that the work is properly done so that the bandhs may stand for some years without needing repairs.

(iii) The strict enforcement of the rule prohibiting cultivation of margins of bandhs and Survey numbers (Rules 83 and 84 of the Land Revenue Rules) is very necessary to the preservation of Survey marks, especially in wet and garden lands.

(iv) Trees and spreading shrubs must not be allowed to be planted on or in close proximity to a Survey mark so as to hide or damage it.

(v) The marks in village communal lands should be got repaired by the villagers in the same way and at the same time as those in occupied lands are.

(vi) In the case of bandhs on waste lands a fourth may be taken in hand for repair each year by the shekdar and the patel. The kulvadis and talavars may be employed in setting these right in preference to others.

(vii) Survey marks near the village site and tanks should receive the special attention of the village officers.

4. (*b*) *Test inspection by shekdars and taluk officials* [*Rule* 85, *clauses* (*c*), (*d*) *and* (*e*)].—This systematic test inspection is of supreme importance as it is only by this that the officers of Government have an opportunity of verifying the existence in tact of each boundary mark and stone and the Amildars and Deputy Amildars should carefully enforce the provisions of these clauses.

(i) As the number of villages in each hobli has been increased and as the shekdar will have to attend to his ordinary duties in addition to this work, it is very desirable that at least two taluk officials should be deputed to a hobli, besides the shekdar and that each should have an equal share of the work allotted to him.

(ii) In this arrangement the shekdar being the local executive officer, may be given distant villages in the hobli, the taluk officials taking comparatively nearer ones.

(iii) A register should be opened in the accompanying form and in the beginning of the year a programme should be drawn up allotting the work of inspecting the section for the year.

(iv) The Amildar must give sufficient time to the official deputed for the inspection to ensure his doing it properly. Thus alone can good work be expected and bad work punished. The Amildar will so arrage to depute the officials that the office work may not suffer by the absence of too many officials at the same time. It is important that the inspecting officials should not take the shekdar of the hobli with them as it will interfere with his own share of work.

(v) The following procedure will be found to facilitate the inspection work without fatiguing the official unduly. Getting together the village officers and the raiyats that may be available, the official should proceed from field to field with the village map and the Pahani register in hand and at each field ask individuals, preferably not the owner, to go and stand where each mark has to be according to the map. Thus he will have an idea of the boundaries of the field. He will ascertain in what state each mark is and note in his diary (to be kept for the purpose in the form annexed hereto (marked B). He should, in addition, enter the remarks in the Pahani register as per Rule 85 (*c*) with the assistance of this diary. The official should remember that these are merely hints and do in no way stand in the way of his adopting any equally efficient method of procedure or diminish his responsibility for taking every precaution necessary to securing the accuracy of his inspection.

(vi) The official concerned should submit the diary for each village as soon as finished to the Amildar, who will see that it is in proper form and take suitable action for the supply and repair of the marks which are missing or out of order before the end of the year or the ordinary Pahani inspection of next year. These forms should be carefully preserved villagewar till the whole test inspection is completed and the officials should be made to understand that they will be held liable for errors and omissions detected at the time of the usual Jamabandi and other inspection and the next test inspection.

(vii) The Amildar should personally attend to the distribution of this work among the taluk officials and shekdars, the Head Gumasta being responsible for keeping lists correctly maintained.

(viii) When inspecting Taluk Cutcherries or conducting Jamabandi or whenever possible, Assistant Commissioners and Deputy Commissioners should see that the above rules are observed, that the registers prescribed above are duly maintained and that the work was properly distributed and correctly discharged by the several officials.

5. By seeing that this twofold inspection is rigorously carried out and themselves checking the same in the manner laid down in clauses (*f*) and (*g*) of Rule 85, the higher Revenue officers would be doing everything in their power to fulfil the object of Government in laying down these rules.

   (*b*) Batta to witnesses, postage, diet money to prisoners, copyists' fees, etc.
   (*c*) Stamp duty and penalty levied on insufficiently stamped documents.

Procedure in regard to receipt and payment of the items under class (*a*).

2. When a party brings money into Court for deposit, the Nazir of the Court shall issue a receipt order under his own signature authorising the Treasury to receive the money in deposit, and stating clearly the nature of the deposit, the name of the party, the number of the case and the amount tendered.

3. On return of the receipt order with Treasury acknowledgment, the Nazir shall credit the amount in the deposit register under the initials of the Judge but not in the Cash Book, giving a receipt for the money received.

4. Sums received from Central or Deputy Nazir or Process Servers shall also be dealt with in the same manner as described in Rules II and III.

5. When money is received by Postal money orders or by currency notes enclosed in insured or registered covers from judgment-debtors, or from other Courts, the amounts shall be credited at once in the Court cash book under the initials of the presiding Judge before the acknowledgment for receipt of the money or cover containing the currency notes is signed by him and the amount should be at once remitted to the Treasury with a receipt order signed by the presiding Judge. On return of the receipt order with the Treasury acknowledgment, the amount shall be credited in the Deposit Register and debited in the Cash Book as remitted to Treasury.

*Note.*—The presiding Judge should satisfy himself that such amounts have been received by the Treasury and brought on the Court Deposit Register.

6. Payments to decree-holders and others shall be made on cheques, which should state the amount to be paid, the name of the payee and the number of the receipt order and suit to which it relates. The amount so paid should be debited at once in the *Deposit* Register but not in the *Cash* Book. The presiding Judge, when signing the cheque, should also initial the entry of payment in the Deposit Register. It should be distinctly understood that the Judge is responsible for drawing cheques in favor of the rightful parties.

*Note.*—A separate cheque should issue for each individual deposit or part thereof, and should be noted against the original item of credit.

These sums may be retained in the hands of the Nazir, but any amount in excess of his security amount shall be remitted to Treasury with a single receipt order without details, to be credited to a separate head "Personal Deposit Account." The receipt order should be signed by the Judge.

8. These sums shall be paid by him in cash to the parties concerned and charged off in the Cash Book.

9. When money is required out of personal deposit account for payment, it shall be drawn on cheques signed by the Judge made payable only to an officer of the Court.

*Note.*—Separate form of cheque distinguishable from the other cheques should be adopted for the personal deposit account.

10. These sums remitted to Treasury for credit to personal deposit account and withdrawn therefrom shall be shown in a separate column in the Cash Book.

*Description of registers prescribed in Rule* 13.—The following books and registers are maintained by Civil Courts for recording their monetary transactions in connection with the judicial work :—

(a) Cash Book (Register No. X.)
(b) Deposit Register (Register No. XI.)
(c) Ledger (Register No. XII.)
(d) Register of refund orders.
(e) Books of Receipt orders—
  (1) General Deposit Account.
  (2) Personal Deposit Account.
(f) Remittance Register.
(g) Cheque Book—
  (1) General Deposit Account.
  (2) Personal Deposit Account.

*The Cash Book.*—This is a register in which all receipts or payments in cash at the Court are entered as soon as the transactions take place.

All moneys actually received in the Court and not paid direct into the Treasury by the person tendering the money, including cash drawn from the Treasury by means of cheques and all payments made in cash are entered.

The credit and debit sides of the Cash Book are provided with necessary columns. On the receipt side six columns will be opened for entering money withdrawn from the Treasury and money received from the parties classified into five classes marked A, B, C, D and E. On the payment side are also seven columns, five for showing payments made out of the money received from the parties or withdrawn from the Treasury classified into five classes as on the receipt side, and two for showing money sent to the Treasury for deposit.

*To post the Cash Book.*—All sums received in cash including those not paid direct into the Treasury by the person tendering it are entered in the appropriate columns A, B, C, D and E then and there. If any money has been withdrawn from the Treasury out of the personal deposit account, the amount withdrawn is entered in the column "Receipts from the Treasury." All payments in cash, including sums sent to the Treasury for credit to Government as revenue, are similarly entered on the debit side of the Cash Book. Sums remitted to the Treasury for credit as deposit are entered in the columns "Payments into the Treasury on account of general or personal deposit account" as the case may be.

The Cash Book will be closed daily as stated in Rule XIV.

*The Deposit Register.*—This is a register in which all sums, whether paid into Court or into the Treasury, which should be accounted for in detail as Civil Courts Deposits (Rule I (a) ) and which are not revenue are entered. All sums paid direct into the Treasury by the person tendering the money and those sent by the Court itself for deposit are entered in this register if the deposits relate to the general deposit account. Every entry of credit in this

register is attested by the presiding Judge and every payment by means of a cheque is noted in this register against the credit item to which it relates and is also initialled by the Judge.

*Note.*—Sums sent by Courts for credit to personal deposit account will not be entered in this register but only in the Cash Book under the column "Payment into the Treasury on account of personal deposit account."

*The Ledger.*—This is a register which brings together the entries in the Cash Book, the Deposit Register and the Remittance Register in one place. It is posted for each case separately and has two sides like the Cash Book, *viz.*, the credit side and the debit side. When posted, this register shows the total receipt per case, the amount paid by each party, the disbursements therefrom and the balance, if any, due to them.

*Register of Refund Orders.*—This is a register in which every instance in which the remission of the institution fee whether whole or in part is recorded. The columns in this register show the number of the case in which the refund was granted, the party to whom it is granted, the amount refunded and the number or date of the refund order issued.

*Receipt Order Books.*—These books are in counterfoil and are used for sending money to the Treasury to be kept in deposit. Corresponding with the two kinds of deposit accounts there are two kinds of these books and the difference between them consists in the books used in connection with personal deposit account having the words 'Personal Deposit Account" printed at the top of every order. Both the foil and the counterfoil of each "Order" has got space for entering the nature of the deposit, the amount of deposit, the party making the deposit, and the case number in which the amount has been produced to be placed in deposit.

*Note.*—Receipt orders with which sums are sent for credit to personal deposit accounts will not give details but only show the lump sum sent for credit.

*Remittance Register.*—This register is maintained for the purpose of entering money which is to be remitted to the Treasury for final credit to Government as revenue and has columns to show the amount remitted, the number of the case in which recovered, the party from whom recovered, the purpose for which recovered and the amount recovered and the Treasury Officer's certificate of acknowledgment.

*Cheque Books.*—These books are also in counterfoil. Each book has a serial number which is repeated in every cheque form contained within, and each book contains one hundred blank cheque forms which are also numbered serially. Like the receipt order books, two separate cheque books are in use at the same time; the difference between them being the same as in the case of receipt orders. The cheque and its counterfoil have space enough to record the amount to be paid, the party to whom it is to be paid and the number of receipt order in which the amount was originally remitted to the Treasury for credit.

*Note.*—Cheques issued for withdrawing money from personal deposit account will not give particulars.

## REVENUE COMMISSIONER.

*Circular No.* 4320—27, *dated 22nd October* 1906.

The Deputy Commissioner of the Shimoga District having raised the question whether Government Proceedings No. Fl. 3186-227—S. R. 45-05-3, dated 18th November 1905, directing that all cases of defalcation or loss of public money or stores resulting from fraud or the negligence of individuals or other cause should be reported to Government, applies to misappropriation of revenue collections by Patels and Shanbhogs, the Revenue Commissioner observes that all cases of embezzlement or misappropriation by the Patels or Shanbhogs of revenue collections and such other public moneys to their own use should be reported. Mere complaints of payment of kandayam not acknowledged or cases of delay on the part of the village officers in remitting collections need not be reported until it is ascertained that there is *prima facie* ground for concluding that embezzlement has been committed.

*Circular No* 4435—42, *dated 26th October* 1906.

With reference to this office No. 7780-7, dated 26th February 1906, prescribing a form for the submission of annual proposals for the transfers of Amildars and Deputy Amildars in districts, Deputy Commissioners are requested to note the necessary dates, as well as the months and years, in columns 5 and 6 of the statement.

2. As these statements should be complete and self-contained, the "reasons and other remarks" should invariably be concisely noted in column 8, though reference may also be made to previous official or demi-official communications.

*No.* 4402, *dated* 29*th October* 1906.

Under Article 177 of the Mysore Service Regulations, Mr. T. K. Lakshmana Iyer, Amildar of the Hosdurga Taluk, is granted privilege leave of absence for fifteen days with effect from the 1st November 1906.

2. Nanjundaiya, Taluk Sheristadar at Hosdurga, will be in charge of the taluk, during the absence of Mr. T. K. Lakshmana Iyer, on leave or until further orders.

*No.* 4444-51, *dated* 26*th October*—1*st November* 1906.

With reference to Government Proceedings Nos. R. 1480-8—L. R. 438-05-2 and R. 3179-87—L. R. 438-05-14, dated 30th July and 13th September 1906, respectively, issuing instructions regarding the submission of confidential reports about executive and ministerial officers in districts, the Deputy Commissioners of Districts are requested to submit such reports so as to reach this office on or before the 10th of January in each year.

REVENUE ADMINISTRATION REPORTS.

*Official Memorandum No.* 4408—15, *dated* 29*th October* 1906.

Subject :—Revenue Administration Reports for the year 1905-06, received from the Deputy Commissioners of Districts.

The following instructions on the defects found in all the reports* are communicated to the Deputy Commissioners of Districts for information and guidance. It is hoped that in the preparation of the reports of future years, the points now noticed will be borne in mind and that there will be further improvement in the get-up of the district reports.

2. As soon as the consolidated review of this office with the orders of Government thereon reaches Deputy Commissioners of Districts, they are expected to take note of the various omissions noticed therein by the Revenue Commissioner and the Government and to supply such omissions and imperfections in the succeeding reports.

3. In preparing the report of the year, the figures in every statement should be invariably compared with the figures in the previous years and in this connection it is requested that the figures given in the current year's report for the previous year may be verified by comparison with those for the previous year given in the previous year's report, and if there is any variance, the discrepancy should be explained, as it is very necessary that the explanation of the discrepancies should be reported to Government and correct figures noted for future guidance. Similarly if the Deputy Commissioners find that the figures in the consolidated review by this office are inconsistent with the figures given in the Deputy Commissioners' reports or think that any explanations are needed for the observations contained therein or in the orders of Government, the errors should be pointed out and the necessary explanations given. In short the Administration Report should be regarded as an important record in which continuity and uniformity of figures should be preserved and not as a work which stands by itself without reference to the previous year's reports.

4. In regard to assessed waste lands available for cultivation, area cropped, etc., when the figures given in the Administration Report of the Deputy Commissioners, differ from those given by them in the Table of Agricultural Statistics under the same head, the cause of divergence should be explained in a foot-note in the Annual Report.

5. Statistics should be given in regard to lands under irrigation, the extent of lands under wells, tanks and channels as compared with the previous year, being clearly classified. At present this important item has escaped notice.

6. In the paragraph regarding the Huzur Jamabandi of taluks, the actual period taken-up for the Jamabandi of each taluk, deducting the period the officer was on other duty, should be mentioned along with the information now contained under this head.

7. The section dealing with the demand, collection, arrears of Land Revenue (including miscellaneous) Mohatarfa, Sayer and Salt and remissions, is very important and should be fully dealt with talukwar, the figures for previous and current years being given under each column, and all variations should be fully explained. The good and bad work done by each Amildar should be mentioned as also the names of the Amildars. The arrears should be classified into (1) arrears of the current year, (2) arrears of the previous year and so on for the previous three years and the arrears accumulating for more than the past three years excluding the current year should be shown separately. Arrears which are irrecoverable should be distinguished from those that are recoverable.

8. In the section dealing with the tanks, the total amount sanctioned for the year under the Minor Tanks Restoration Scheme, the number of tanks dealt with, the sum expended during the year, and the amount which lapsed at the end of the year should be mentioned. The work of each Amildar in the repair and up-keep and inspection of tanks and the personal interest taken by him should be distinctly mentioned.

* *N. B.*—Observations and instructions applicable to each district have been separately communicated to the Deputy Commissioner concerned.

9. In the section dealing with villages under Government management, the demand, collection and arrears and the cost of management should be given.

10. A paragraph should be devoted for a brief mention of the total number of alienated villages in each taluk, the number which have furnished accounts up to the current year, and the cost imposed on the others for getting the accounts in default prepared in time, as also another paragraph for the total number of Chowthaya tanks in each taluk, and the number of such tanks for which remissions have been withheld on the ground of neglect to keep the tanks in proper condition.

11. In the sections dealing with the advances of Takkavi, sinking wells and land improvement, the amount sanctioned by Government for the district for the year, the number of applications received and the amount granted to the applicants during the year, should be shown in one statement, the total amount of loans outstanding at the beginning of the year and the amount which had to be collected during the year and the amount actually collected should be shown in another statement, and in a third statement the result of both the above statements. The activity displayed by the Taluk Officers should be remarked upon. In the case of wells and land improvements, the condition of the wells already sunk with the help of loans and the condition of the lands improved from loans should be reviewed, the review extending to the wells and lands dealt with during the preceding five or ten years as far as possible. The objects for which Takkavi loans were given should also be analysed.

12. In the sections under deposits in Government Savings Banks, it should be stated whether the balance at the end of the year includes interest.

13. The number of days devoted to Criminal work by the Deputy Commissioner and each of the Assistant Commissioners during the year should be stated. If Revenue and Criminal cases were tried on the same day, the day should be classed as devoted to Revenue or Criminal as either work predominated.

14. In all districts in which there are newspapers or journals in English or the vernacular, the Deputy Commissioners are expected to make brief observations on the trend of the opinions expressed by them during the year under report, under the para "State of the Public Press."

*Circular No.* 4406, *dated* 31*st October* 1906.

THE REVENUE AND AGRICULTURAL GAZETTE.

1. The Amildar is informed that once in a fortnight as soon as the *Revenue and Agricultural Gazette* is issued, a copy for each of the shekdars in the taluk as also a copy for the Amildar's own use will be sent to the Amildar's address.

2. The copies should be distributed with as little delay as possible among the shekdars in the taluk and the receipts obtained from them should be filed in a separate register for inspection by the Assistant and Deputy Commissioners.

3. The shekdars should be informed that they are expected to give wide publicity to the contents of the Gazette in the several villages of their charge, soon after receipt thereof, as explained in a Circular in the Gazette.

*Notification No.* 4524, *dated* 30*th October*—3*rd November* 1906.

Under Article 177 of the Mysore Service Regulations, Mr. B. Narayanaswami Iyengar, B.A., B.L., Amildar of the Chikmagalur Taluk, is granted privilege leave of absence for fifteen days with effect from the 27th October 1906 (subject to production of Comptroller's certificate).

2. B. Garudachar, the Sheristadar of the taluk, will be in charge of the taluk during the absence of Mr. Narayanaswami Iyengar on leave or until further orders.

*Notification No.* 4520, *dated* 30*th October*—3*rd November* 1906.

Under Article 177 of the Mysore Service Regulations, Mr. B. C. Krishna Sastri, Amildar of the Goribidnur Taluk is granted one month's privilege leave with effect from the date of availment. (Subject to Comptroller's certificate.)

2. C. G. Subba Rao, the Taluk Sheristadar, will be in charge of the taluk during the absence of Mr. B. C. Krishna Sastri on leave or until further orders.

A. RANGASWAMI IYENGAR,
*Revenue Commissioner.*

## FINANCIAL DEPARTMENT.

*Circular No.* 2086—*T. A. D. Gr.* I. 489, *dated* 15—20*th October* 1906.

*To—All Disbursing Officers.*

Instances have come to notice of undisbursed amounts of pay of establishments which ought to have been refunded to the Treasury by deduction in the next bill, as laid down in Article 63 of the Civil Account Code, Volume I, having been retained in the hands of the drawing officers for months together and of notices published in the *Mysore Gazette* to the effect that should the party fail to appear to receive payment within a specified date, the amount will be refunded to Treasury. The Comptroller has therefore the honor to observe that such a procedure is highly objectionable and is opposed to Article 5 of the Civil Account Code under which claims which have been held in abeyance for periods exactly six months to two years cannot be paid without the sanction of this office and the Government respectively. Undisbursed amounts should, without exception, be refunded by deduction from the next bill and may be redrawn as occasion arises under the rules laid down in Article 65.

N. G. BASU, *Comptroller.*

I. Read the Administration Report together with the statement of the Hassan District Board for the year 1905-06.

*Resolution.*—Resolved that the Report be passed and sent up to Government.

II. Read General and Revenue Secretary's docket No. 1400—L. B. (2-05)-5, dated the 15th August 1906, observing that Resolution No. V of the District Board meeting dated 12th May 1906, granting to toddy contractor Alasingrachar and Mail Tonga contractor Baba Sab, a license each, at half the existing rates for the passage of their carts through the toll gates, on the Hassan-Arsikere road, is apparently illegal as the District Board have no power to grant exemption to the toddy carts in the manner resolved, though under para 64 of the Local Board Rules, they can compound with any person on payment of a lumpsum half yearly, or, yearly, in respect of all carts and animals, etc., possessed by him, but not in respect of a fixed number of carts, etc., at half rates, and requesting that the same be corrected or that explanation may be furnished as to the necessity for a departure from the rules.

*Resolution.*—Resolved that it be submitted to Government that Resolution V dated 12th May 1906, was passed in the terms therein expressed to provide against fraud in the way of carts, etc., of other owners being passed through the toll-gate as those of an owner with whom the Board may have compound for a fixed amount, which would be difficult of detection, if the number of carts covered by the compounding fee be not limited.

III. Read Kanarese No. 437, dated 9th August 1906, from Messrs. Bajjanna and Mayigondadeva Mudaliar, Government contractors of Bonded Depot, requesting that needful orders may be issued to the authorities to allow free of charge carts carrying casks containing Government arrack.

IV. Read the following for the information of the District Board :—

(337-05)-5, dated 8th September 1906, stating that absence of the Hospital Assistant from Arsikere on deputation to Gandasi, as suggested by the Arsikere Taluk Board, is undesirable and that the establishment of a Vaidyasala there is impracticable at present.

(4) Senior Surgeon and Sanitary Commissioner's docket No. 2021, dated 15th September 1906, intimating that one Venkataramier, a qualified Sanitary Inspector, is available for duty in the Arsikere Taluk and the reply of the President thereon.

(*c*) Read also Government Proceedings No. 2098-9—L. B. (54-05)-7, dated 6th September 1906, requesting the submission of a detailed report with certain particulars as to whether the Hassan District Board are willing to contribute the remaining ⅔rds of the cost of the work in question.

*Resolution.*—Resolved that the detailed report called for from the Arkalgud Taluk Amildar in this matter be awaited.

VI. Read Senior Surgeon's docket No. 1986, dated 12—13th instant, stating that di[illegible] charges in a dispensary may be exceeded beyond Rs. 60, the excess being met by transf[illegible] of savings from one dispensary to another.

| 2nd class shop ... ... ... ... | 2 ,, |
| 3rd class shop ... ... .. ... | 1 ,, |
| 4th class shop ... ... ... | ½ ,, |

and that Government sanction be obtained to the same.

VIII. Read Government Proceedings No. 2204-5—L. B. (195-05)-12, dated 8th September 1906, sanctioning the resolution of the District Board, *viz.*, the payment of Rs. 216 to Kalluram, contractor of the well work at Rajansiriyur in the Belur Taluk, and requesting the submission of the promised further report and estimate.

*Resolution.*—Resolved that the District Board Resolution No. XI, dated 12th August 1904, having passed the mileage rate of 4 annas for the District Board non-official members, their claim is based on that resolution and not under the Mysore Service Regulations, so that no certificate appears necessary.

## REVENUE COMMISSIONER.

*Circular.*

1. The main work of the Inspector of Cattle Diseases shall for the present be—

(*a*) visiting the various infected areas in the State and suggesting measures for prevention and cure of cattle diseases and instructing the local stockowners, raiyats and veterinarians in (i) the treatment of cattle and sheep diseases, (ii) the preventive measures to be taken during outbreak of serious cattle diseases, and (iii) the sanitation of cattle sheds:

(*b*) submitting to the Revenue Commissioner special reports on matters of importance observed by him in his tours and furnishing him with brief notes in Kanarese for publication for general information:

(*c*) making the necessary microscopic and bacteriological examination of microbic diseases:

(*d*) assisting Deputy Commissioners of Districts, when required, in organising and supervising cattle and horse shows:

(*e*) collecting information regarding special breeds of cattle and horses and giving suggestions for their improvement and drawing up instructions for the guidance of local breeders of cattle and horses:

(*f*) during his tours, he will also castrate ponies, bulls and sheep whenever possible on improved methods and try to train capable villagers in performing castration.

2. The Inspector shall be on tour for at least fifteen days every month (and for a longer period when necessary) and visit the taluks in communication with the Amildars thereof. All the eight district head-quarters and large centres of cattle and ponies should be visited.

3. When the Inspector goes to any district, he will, whenever possible, see the Deputy Commissioner of the district and regulate his movements in the district in accordance with the suggestions of the Deputy Commissioner, if any, and before leaving the district report to the Deputy Commissioner the result of his inspections in the district.

4. The Inspector shall submit every month before the 10th to the Revenue Commissioner a short report of the work done by him during the previous month and a programme of his tour in the following month.

5. Amildars of taluks shall, on first information of the outbreak of cattle disease in any part of their taluk, communicate direct with the Inspector by letter or by wire as the emergency of the case may demand. The Inspector shall, if circumstances warrant it, forthwith proceed to the infected part and after doing the needful for arresting the spread of the disease, inform the Deputy Commissioner of the district of the work done by him. Whenever he may think that his personal visit is unnecessary or he is unable to go to any taluk or village, he shall send the Amildar, for the guidance of the villagers, a few plain instructions as to what should be done for relieving the sick cattle and to arrest the course of the epidemic. Whenever more than one taluk or district require the services of the Inspector simultaneously, the considerations that should decide the choice of the Inspector shall ordinarily be the comparative numerical strength of the cattle or horses affected and the extent of damage likely to be caused.

6. In normal times, when the Inspector visits a taluk or village, he will, with the aid of local Revenue officials, assemble the raiyats in a common place and explain to them in the vernacular the more important of the cattle diseases and the methods to be pursued for their treatment and the precautions to be taken in improving the breed, erecting and managing cattle-sheds, etc. A brief resume of these lectures shall be submitted from time to time as soon as they are delivered, to the Revenue Commissioner, who will order their publication and distribution in such form as may be suitable.

7. The Inspector shall maintain a register of places visited, the condition of cattle, etc., and whenever he visits a place more than once, he should observe and note how far the instructions given by him in his previous visit have been given effect to.

8. The Inspector will be supplied with a sufficient supply of medicines required for treatment of the more serious cattle diseases and permitted to indent for a year's supply of ordinary medicines through the Medical Department for issue to local salustries and others through the Taluk Dispensary or native druggists whenever possible at cost price.

9. When cattle or horse shows are held in any district, on receipt of intimation from the Deputy Commissioner of the district the Inspector shall, as a rule, unless prevented by an outbreak of cattle disease in any other district, proceed to the spot and give all the necessary aid to the Deputy Commissioner in organising and conducting the show.

(3) Government Order No. 104-5—L. B. (400-05)-2, dated 6th July 1906, communicating their inability to transfer any District Fund road for maintenance from the Provincial Funds, especially as the Shimoga-Yedahalli road, Chikmagalur-Yedahalli road and the Bababudan Hill road are branch roads which should be maintained from the District Funds.

(4) Government Order No. 148-50—L. B. (418-05)-3, dated 7th July 1906, recording and communicating to the member who mooted the subject that in the opinion of the District Board a foot bridge across the Hemavati near Phalguni in the Mudgere Taluk cannot now be undertaken for want of funds.

(5) Government Proceedings No. 674-88—Med. (312-05)-2, dated the 21st May 1906, approving the proposal of the Comptroller that he would transfer the amount required for the repairs and construction of dispensaries to the Medical Department from the funds of the District and Municipal Boards and thus obviate the inequality caused under the present arrangement, etc.

(6) Government Order No. 11888—L. B. (69-05)-7, dated the 19th May 1906, stating that Government consider that an additional musafirkhana at Santaveri is unnecessary, as there is already a third class musafirkhana besides a travellers' bungalow at the place and that a musafirkhana at Sollebyle is desirable, but funds are not available. There is therefore no likelihood of the work being put in hand early unless private individuals such as local planters, etc., contribute towards the cost.

(7) Government Order No. 393-403—L. B. (494-05)-2, dated 14th July 1906, issuing instructions regarding the sanctioning of appropriation of funds from one minor head to another under the same major head of the District Fund budget.

(8) Government Order No. 12027-40—Med. (181-05)-4, dated 23rd May 1906, issuing re-revised forms of mortuary returns.

(9) Government Order No. 691-702—Med. (115-05)-8, dated 21st July 1906, directing that Parsi, Sikhs, Brahmos, Jews, Japanese and Burmese alone should in future be shown in the mortuary return.

(10) Government Order No. 1953-4—L. B. (71-05)-3, dated the 6th August 1906, stating that the Secretary to Government in the Muzrai Department, who was consulted, informs that it is not possible to provide funds for the construction of a musafirkhana at the Bababudan Hills.

(11) Senior Surgeon's docket No. 1746, dated 31st August 1906, forwarding for information copy of an order issued by him to the Hospital Assistant at Kadur to visit Devanur and Yellambalse each once a week on Mondays and Wednesdays respectively to render medical aid to the people there.

(12) Senior Surgeon's docket No. 1839, dated 6th September 1906, forwarding for information copy of an order directing the Hospital Assistant at Ajjampur to visit Sivane on every Friday to render medical aid there.

(13) Government Order No. 2196-203—L. B. (28-06)-3, dated the 8th September 1906, directing that only such of the works as are budgetted for should be sanctioned in future, and stating that works which are not thus sanctioned are excluded from the statement of sanctions in future.

4. Read Divisional Assistant Commissioner's yadi No. 947, dated 22nd May 1906, forwarding the proposal of the Tarikere Taluk Board to transfer the cattle-pound at Bettathavarekere to Koranahalli as this place is more convenient for the people of the surrounding villages for driving cattle to the pound early.

Also Secretary's Official Memorandum No. 1570—L. B. (48-06)-2, dated 16th August 1906, forwarding for disposal a petition dated 2nd August 1906, from Nanjappa and others of the Koranahalli village, Tarikere Taluk, praying that the cattle-pound at Bettathavarekere should not be transferred to any other place as represented by the patel of the village who is interested in the shifting.

*Resolution.*—The Board is of opinion that the cattle-pound at Bettathavarekere may be transferred to Koranahalli tentatively for one year and its permanent location there will be considered at the end of that period on receipt of further report from the Divisional Assistant Commissioners.

5. Read Divisional Assistant Commissioner's yadi No. 276, dated 4th June 1906, forwarding the Koppa Amildar's report No. 1005, dated 1st June 1906, requesting confirmation to the sale of the ferry at Sita river at Hedse for the three years 1906-07, 1907-08 and 1908-09 to one Gundakal Ahmad Bheri for Rs. 3, as he is the highest bidder.

*Resolved* that the sale be confirmed.

6. Read Government Order No. 12547-9—Ml. (130-05)-6, dated 7th June 1906, approving of the proposal that the cost of Rs. 357 required for removing lantana in the lands lying outside the Municipal limits at Yedahalli will be met from the provision under the head "VI Conservancy" in the ensuing year's District Fund budget and that the work will be put in hand in July next as the ground is too hard for the removal of lantana, with the observation that the owners of private lands should be compelled to keep them clear of lantana or other undergrowth.

*Resolution.*—Recorded.

7. Read Divisional Assistant Commissioner's yadi No. 284, dated 9th June 1906, forwarding the Yedahalli Deputy Amildar's No. 346, dated 5th June 1906, requesting confirmation to the sales of the ferries at Hebbe and Nandigave for the year 1906-07 to Mohadin Sab and Bakvalli Budan Bég for Rs. 7 and Rs. 6, as they were the highest bidders.

*Resolved* that the sales be confirmed.

8. Read Mudgere Amildar's report No. 244, dated 5th June 1906, requesting confirmation of the sale of the ferries at Anjur and Kitlegundi for the year 1906-07 to one Buden Sab for Rs. 25-4-0 and Rs. 5-2-0, respectively, as he is the highest bidder.

*Resolved* that the sale be confirmed.

9. Read Chikmagalur Taluk Amildar's report No. 296, dated the 28th June 1906, forwarding the resolution of the Taluk Board with regard to the taking up of the estate road opened out by Mr. C. H. Godfrey from Aldur to Wagar Estate under the management of the District Funds, and stating that the road in question is useful only to the planters and not to the general public and that the road is used by the Forest Department for carrying forest produce and that the Forest Department is not prepared to contribute anything towards the up-keep of the road and that there is no reason for the road to be maintained from District Funds.

*Resolution.*—The Board is of opinion that as the road is not much used by the general public, it is not prepared to take it over for maintenance.

It was further resolved that the Executive Engineer be requested to take early steps to hold a Sub-Committee at a very early date and report after investigation which of the several roads now maintained from District Funds are used purely by the planters and are not used by the public, as resolved by the Board which met in February 1906 (Subject No. XXII).

10. Read Secretary's docket No. 191—L. B. (417-05)-4, dated 9th July 1906, enquiring whether the District Board are prepared to meet the cost of a separate dispensary at Balur if one is opened there in addition to the one at Hariharpur as suggested by the Senior Surgeon.

*Resolution.*—At present the closing balance of the District Funds is only Rs. 3,676-8-2 instead of Rs. 7,560 which is ⅛th of the total income as prescribed by clause (c) of para 131 of the Local Boards Rules. Thus it will be seen that there are no funds at the disposal of the Board. They, therefore, resolved that the Government be again requested either to sanction the closing of the dispensary at Hariharpur and the opening of one at Balur which is very useful to the planting community as already suggested, or meet the charge of the Balur Dispensary to be newly opened from Provincial Funds.

11. Read Kadur Division Executive Engineer's memo No. 215, dated 14—16th July 1906, forwarding copy of Superintending Engineer's docket No. 3281, dated the 12th July 1906, returning the estimate amounting to Rs. 1,610 for opening out a foot-path from Thippanahalli and Jagar *via* Bhutangandi and Pandravalli, Chikmagalur Taluk, not sanctioned, and informing that he thinks that the foot-path is absolute waste of money, and the District Fund Board have already more roads than they can support decently and that it is much better to put this money into special repairs of District Fund roads.

*Resolution.*—As there is no other road to go to Pandravalli and for other villages in the Jagar valley, the Board is of opinion that it is absolutely necessary to improve the existing foot-path and accordingly resolved to address the Superintending Engineer again to sanction the estimate.

12. Read Secretary's docket No. 712—L. B. (210-05)-6, dated the 23rd July 1906, returning the vernacular papers connected with the proposal to open a road from Kuduragundi to the estate of Mr. Bolton, coffee planter, and requesting to place the subject before the District Board and submit a copy of their resolution as to whether they are willing to acquire the lands through which the road opened out by Kannur villagers now passes and to take up the road for maintenance.

(*b*) Also Yedahalli Deputy Amildar's report No. 55, dated 31st July 1906, stating that the road opened out by Kannur villagers as far as the bridge near Kuduragundi is two miles in length and that opened out by Mr. Bolton is two miles in length and that the road in front of Ananthaiya's house is a part of the road belonging to Kannur villagers.

*Resolution.*—The Board is of opinion that they have no objection to the lands being acquired for the road in question as the parties are willing to give them without any compensation. They regret that they are not in a position to take up and maintain it for want of funds.

13. Read Revenue Commissioner's Office memo No. 1288, dated 2nd—7th August 1906, stating that the villagers of Nagadevanahalli pray for a cattle-pound, and requesting to attend to it early.

Also Divisional Assistant Commissioner's yadi No.———dated————recommending the establishment of a cattle-pound there.

*Resolution.*—Upon perusing the records submitted by the Assistant Commissioner in charge of the Tarikere group of taluks, it was found very necessary to establish a cattle-pound at Nagadevanahalli and the Board therefore resolved to establish a pound at Nagadevanahalli.

14. Read correspondence ending with Executive Engineer's docket No. 266, dated the 8th September 1906, informing the President that there is only a provision of Rs. 50 in the current year's budget for supplying new jungal to the Hebbe crossing and requesting to arrange to place the balance of Rs. 418 at his disposal for the work being put in hand.

*Resolution.*—As per Government Order No. 7187-98—L. B. (267-05)-2, dated 10th January 1906, no additional grant can be sanctioned. The Board is therefore of opinion that the estimate be sanctioned next year if the Executive Engineer cannot provide funds for the same by reappropriation from the existing allotments in the current year's budget.

15. Read list of works that remained incomplete on the last day of June 1906 requiring a sum of Rs. 1,953 for their completion during the current year :—

| | Rs. |
|---|---|
| Public Works ... ... ... | 238 |
| Works to be executed by the Revenue Department | 1,715 |
| Total ... | 1,953 |

16. Read the following works sanctioned by the President out of the savings effected out of Rs. 2,000 sanctioned in Government Order No. 9833-4—L. B. (365-05)-3, dated 23rd March 1906, and the sanctioned grants in the budget for 1905-06.

The works are—

| 6. Repairing the drinking water honda at Yellambalase ... | 75 |
| 7. Revised estimate for repairing the drawing well at Andenahalli ... ... ... ... ... | 58 |

*Resolution.*—Approved.

17. Read list of estimates of budgetted works for 1906-07 to be executed by the Revenue Department.

*Resolution.*—Out of the budget grant of Rs. 3,017 a sum of Rs. 1,715 will be required for completing the incomplete works of last year and the balance available for fresh works will be only Rs. 1,302. The Board therefore resolved to sanction the execution of only the following eight works which are reported to be very necessary :—

18. Read Resolution No. 15 of the District Board dated the 28th May 1906, stating that the Subject No. 193 of the Dasara Representative Assembly regarding utilization of the savings effected from discontinuing the travelling allowance to non-official members for providing for additional establishment and for increasing the pay of officials in the President's office.

No money orders will be received by the undersigned except from outside the Province.

No. 3.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 4.—Communications on post-cards or on paper less than half a sheet of foolscap will not receive attention.

No. 9.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

*No.* 5008-15, *dated* 8—14*th November* 1906.

*Circular.*

It has come to the notice of the Revenue Commissioner that in granting or recommending the grant of leave to subordinate officials the provisions contained in the Mysore Service Regulations, relating to the grant of leave are occasionally not properly observed by the Deputy Commissioners of Districts and other officers of the Revenue Department. He therefore directs that dealing with applications for leave of any kind, both the recommending and the sanctioning officers should in future invariably satisfy themselves as to whether the applicant is entitled to the leave applied for and whether the leave may be granted under the Service Regulations. If in applying the rules to any case any doubts arise, the instructions of superior officers and of the Comptroller if necessary, should be sought and obtained, before granting the leave applied for. Except in very urgent cases sanction of superior officers should not be anticipated.

*Notification No.* 5004, *dated* 12—14*th November* 1906.

Under Article 177 of the Mysore Service Regulations, Mr. M. Krishnaswami Iyengar, Amildar of the Sagar Taluk, is granted privilege leave of absence for one month with effect from the date of availment.

Kamasandra dafadar received the gang on the 28th September 1906 and sent them to Vyapanapalli under escort on the same date. Nothing was known subsequently what steps were taken by the Vyapanapalli Police.

These persons and another Pedda Ramadu together with 3 more females and 6 more children were seen at Nadimpalli on 13th October 1906 by Kamasandra Station dafadar who put them wandering gang Form No. 5 and sent them to Bowringpet Kasba to be forwarded to Yedapadi of Salem District, the place of their desired destination *via* Budikota. Finger Prints were taken and sent to Finger Print Bureau of Madras and Bangalore on the 15th October 1906 and they were sent to Budikota to be forwarded with proper escort. The Madras Bureau traced this man to the name of Patha Ramadu, son of Gopalan, Hosur Police Station, and he has been convicted to 6 months' R. I. by the Salem Joint Magistrate under Section 123 C. P. C., in his calendar No. 1-2 – 9-1-06, Salem Jail No. 8831. All the members of the gang escaped from Police surveillance at Budikota. When this gang was on move in Budikota and Kamasandra station, several thefts of fouls, sheep, etc., were reported by the villagers subsequently.

It is requested that if any member of this gang were to come in contact with any Police officer, he will place them before the Magistrate under the Security Sections.

These persons look like sanyasis and wear dirty red clothes, etc. They disguise themselves in different ways and speak Telugu and Tamil. It is also noticed that they speak Koracha language among themselves which they carefully avoid to speak before other persons. This is suspected to be an organised gang and every Police officer is requested to keep careful watch on the movements of such persons.

It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

## REVENUE COMMISSIONER.

### CIRCULAR.

*No.* 6337-44, *dated 6th December* 1906.

*To—The Deputy Commissioners of Districts.*

It having been brought to the notice of Government at the Dasara Representative Assembly of 1906 (*vide* Subject No. 31 of the Proceedings) that extracts from Khetwar Patrik applied for under the provisions of Section 238, Civil Procedure Code, are not promptly furnished by the taluk authorities, Deputy Commissioners of Districts are requested to issue strict orders to their Amildars to give such copies with the least practicable delay. As duplicate copies of Khetwar Patrik are or ought to be kept in taluk offices, such copies should be furnished from the taluk offices direct without reference to the shanbhogs within two days of the date of application. If however khetwar is not available in the Taluk Records, it should be sent for from the shanbhog without any delay and the copy or extract made in the taluk office through ordinary copyists without intervention of the shanbhogs as it is complained that intimation of such applications to village officers led to fraudulent alienations in order to defeat execution of decrees. Should any case of delay in the grant of copies, as above, be brought to the notice of the Deputy Commissioner or other Revenue Officer and established to his satisfaction, the official responsible for the delay should be suitably punished.

### OFFICIAL MEMORANDUM.

*No.* 6346-53, *dated 7th December* 1906.

*To—The Deputy Commissioners of Districts.*

*Subject.*

Land Revenue Collections in the several districts of the State during the month of May 1906.

The arrears for past years are heavy in the districts of Mysore, Hassan and Shimoga being Rs. 2,04,701, Rs. 1,43,818 and Rs. 1,06,784 respectively. The reasons for such heavy arrears should have been explained in the reviews or in the "Remarks" column of the statements. In the case of taluks which are very much behind in collections, Deputy Commissioners

or Sub-Division Officers are requested to obtain and analyse the figures for each village and ascertain the causes for such heavy balances being allowed to accrue. Similar analysis should invariably be made during the jamabandi season in detail. Where the arrears are found irrecoverable on such examination, remission statements should be ordered to be sent up without delay.

2. As regards the arrears for 1905-06, the Revenue Commissioner recognizes that, owing to abnormal seasonal conditions in Kolar District and parts of Tumkur, Bangalore, Shimoga and Mysore Districts, remissions or postponements of revenue have had to be made, which account for a portion of the heavy balances in Kolar, Tumkur, Mysore, Hassan, Shimoga and Kadur Districts. It is however noticeable that the percentage of collections in some districts is greater than in other districts owing probably to greater attention paid to this important work. This is especially seen where the collections are examined talukwar (*vide* statement attached). The remission statements called for from the Kolar District in Government Proceedings No. R. 10878-87—Agri. 22-05-35, dated 19th February 1906, have not yet been submitted and should be expedited. Enquiry similar to that indicated in the case of the arrears of past years should be instituted in regard to arrears for 1905-06, recoverable arrears collected and remission statements submitted where the arrears are found to be irrecoverable.
